Administration Report of the Bangalore City Municipality for
the year 1916-17.

--o:0 o--

P A R T - I

Constitution and Working of the
Municipality.

1. Number of Municipalities.- - One.
2. Municipal Boundaries and Area.- The area of the City continued to be 10.72 square miles as in the previous year.
3. Constitution of the Municipal Council.- Dewan Bahadur Raja Sabha Dhruvanna K.P. Puttanna Chetty, C.I.E., retired First Member of the State Council continued as Honorary President throughout the year. Mr R. Subba Rao, M.B. & C.M., L.S.Sc., Mr. F. Fernandes, L.R.C.P. & S. (Edn.), L.F.P. & S. (Glan.), and Mr. T. Rameshchandra Rao, B.A., A.C.E., occupied the posts of the Vice President, Health Officer and the Municipal Engineer respectively.

The total number of Municipal Councillors was increased from 24 to 25 by the addition of Mr. K.S. Krishna Iyer, B.A., a nominee of the Mysore Chamber of Commerce.

Mr. B. Ramanatha Rao, Collector of Taxes, was reverted to the Revenue Department and Mr. C.N. Garuda Iyengar transferred to the Municipality with the salary and status of a Deputy Amildar to be in charge of Collection Work and the latter joined duty on the 3rd September 1916.

4. Meetings and Attendance.- The total number of meetings

2

2

meetings of the Municipal Council held during the year was 20-12 being ordinary, 3 adjourned and 5 special meetings, against 12 ordinary, 1 adjourned and 5 special meetings in the previous year. The average attendance of official and non-official members respectively was 2.0 and 15.25 against 1.66 and 15.77 in the previous year. (Vide Statement - B.)

5. Elections.- There was no election during the year under report. The following members constituted the Council:-

Ex-Officio.

The Health Officer, Mangalore City.

Nominated Councillors.

1. Dewan Bahadur Raja Sabha Bhushana
K. P. Puttanna Chetty, Esquire, C.I.E
2. R. Subba Rao, Esquire, M.A. & C.M., L.B.Sc.
3. Reverend D. A. N e e s .
4. Father P. M. Briand.
5. D.B. Ramachandra Mudaliar, Esquire.
6. D.V. Gundappa, Esquire.
7. D. Adeppa, Esquire.
8. B. Uman Khan, Esquire.
9. M. Abbas Khan, Esquire.
10. H. Ramaiya, Esquire.
11. V. Venkatramalingar, Esquire.
12. K. B. Krishna Iyer, Esquire, B.A.

Elected Councillors.

1. C.V. Venkateshlingar, Esquire, B.A., B.L.
2. B. Chinneswami Chetty, Esquire.
3. M. Basavayya, Esquire, B.A., B.L.
4. B.K. Garuda Char, Esquire.
5. M. Ramachandra Rao Jindhe, Esquire
6. A. Gurappa, Esquire.
7. K.V. Ramaswami Chetty, Esquire, B A
8. G. Suddaveerappa, Esquire.
9. L. Subbayya, Esquire, B.A.
10. V. Venkatrama Iyer, Esquire, B.A.
11. L.A. Krishna Murthi Rao, Esquire
12. D. Venkatesanayya, Esquire, B.A

6. Housing. - The number of houses and vacant sites in the City were respectively 15162 and 1384 against 13942 and 1300 in the previous year, (vide Appendix - III.). The Govipur Extension newly formed was completely laid out and 30 houses have sprung up therein. 8 houses are under construction. The population of the City according to the Census of 1911 was 88631; assuming the same rate of increase as during the decennial interval 1901-11 the population of the City at the end of the year 1916-17 would be 100171.

7. Working of the Committees. - The Managing Committee met 33 times and disposed of a large volume of work. The names of Members of the Managing Committee as well as other Municipal Committees and the number of meetings held by each, are given in Statement - (A)

8. Bye-laws, Rules and Regulations. - (i) Draft bye-laws for licensing Draftsmen for drawing building plans were submitted to Government with this office letter No. 55 dated the 4th September 1916 and are pending sanction.

(ii) An amendment to the bye-laws relating to the disposal of the dead was sanctioned in Government Order No. 645/ Ml. 40-15-14 dated the 19th July 1916.

(iii) Draft bye-laws for regulating the numbering and registration of bicycles were also submitted to Government with letter No. 256 dated the 19th January 1917 and have been returned for resubmission after revision in the light of certain observations made by Government.

9. Assessment and Taxation. - Fresh imports, taxes, fees &c abandoned - The General Revision of Taxes which had formed the subject of repeated communications from Government and resolutions of the Municipal Council for the past

6

2

part 28 years was taken up and completed during the year. The net increase in revenue is estimated at approximately 20%.

The enormous amount of work involved in the General Revision of Taxes was done by the usual staff of the Collection Department without prejudice to Collection Work. A special report has been submitted to Government on this subject with this office letter No. 19 dated the 31st July 1917.

10. Demand, Collection and Balance.- The demand for the year under all heads amounted to Rs. 3,92,266/- against Rs. 4,35,126/- There remained a sum of Rs. 1,10,593/- as arrears at the beginning of the year under the following items:

(1) Assessed taxes.	..	Rs. 51,340-0-0
(2) Tolls	..	" 3,069-0-0
(3) Taxes on vehicles and animals.	"	259-0-0
(4) Moiety of cost incurred for Plague during 1914-15.	. .	" 6,295-0-0
(5) Contribution towards maintenance of water works in the City for 1914-15.	...	" 44,600-0-0
(6) Other items.	..	" 5,030-0-0

The inclusion of the 4th and 5th items into the demand for 1914-15 and consequently being shown as arrears was an error as they should only have been brought on the demand when they were realised. Item No. 4 - Moiety of Plague charged was realised in the year of report and the adjustment of contribution on account of item No. 5 - maintenance of water works - has not been intimated by the Comptroller. Leaving the latter item out of calculation as it does not in any way affect the financial position of the Municipality, the total demand including the arrears amounted to Rs. 4,38,259.

The

1	2	3	4	5
(B) Realizations under special acts.				
1.	Pounds.	3,567	3,116	451

14.	Other items	1,272	1,457	.
Total (C)		76,605	85,057	87

34

The following items for 1916-17 due to be credited to Municipal funds through the Comptroller have in a similar manner not been taken into account as their adjustments were not effected.-

- (1) Taxes on Government buildings, vide details under (b) Assessed Taxes Rs. 430-13-7 5
- (2) Hoisety of Plague charges incurred during the year under report. " 12,405- 0- 0
- (3) Arrack registration and Sur-charge fees for the last two quarters roughly amounting to " 10,100- 0- 0 □
- (4) Contribution on account of maintenance of water works. .

A statement showing the demand for the two years under the several budget heads is given below -

statement showing the demand under the several budget heads during the year 1916-17 ^{As} compared with the previous year 1915-16.

	Total (A)	2,82,391	2,66,312	16,079	

(15)

given for Rs. 8,291/-, leaving at the end of the year arrears amounting to Rs. 45,411/-. The details of the total demand, collection, remission and balance are classified under the 5 following heads:-

(a) Octroi - The total collection was Rs. 1,35,425/- showing an increase of Rs. 14,937/- over the previous year's realisation - Vide para. 13 under Part III - Receipts.

(b) Assessed taxes - The following items constitute assessed taxes:-

- (1) Taxes on buildings and lands.
- (2) Lighting tax .
- (3) Water tax .
- (4) Special sanitary cess.
- (5) Mohaterfa - Shop and Oil Mill taxes.

The demand including arrears, the collections during the year and the balances outstanding, as compared with the previous year are noted below:-

	Year of report (1916-17)	Previous year (1915-16)
Arrears	Rs. 51,340 ✓	Rs. 63,512

The

11E

The collection during the year was better than in any of the previous years. The assessed taxes including arrears collected during the year represented 72.3% of the demand, against 68% in the previous year while the collection of the current taxes was 82.4% against 76%. The net balance outstanding was thus Rs. 39,130/- or 23.5% of the total demand against Rs. 61,340/- or 29.2% of the total demand in the previous year.

Details showing the items and the action taken towards the recovery of the balance are given below -

~~Revenue Arrears~~	
Taxes on Government buildings	(i) On Carlton House from 2nd half of 1912-13 to the end of June 1917. (since received from the Comptroller by Cheque on 13th July 1917).
	Rs. 426- 5- 7
	(ii) On Head Mistresses' quarters of the Malleswaram Government School for the second half of 1916-17. (reference made to Inspector General of Education in this office No. 85 dated 12th July 1917.)
	" 4- 8- 0
	(iii) Suits filed in Civil Courts during 1916-17 in 121 instances for amounts aggregating
	" 4,214- 0- 0
	(iv) Amount passed by the Council for remission.
(v) Amounts brought on the remission statement under scrutiny.	
(vi) Suits about to be filed.	
(vii) Amount remained uncollected	

Necessary preliminary action has been taken towards the collection of the last named arrears in almost every instance.

The Collection Branch has worked satisfactorily under the supervision of the Deputy Amildar in charge.

65

(c) Taxes on vehicles and animals.- The demand was Rupees 6,526/- against Rs. 8,397/-. The decrease has been explained in para. 14 under Part III - Receipts. The old arrears of Rs. 259/- were written off the accounts as per orders of Government in their No. 7660/Ml.51-16-56 dated the 2nd June 1917.

(d) Tolls and ferries.- The demand was Rs. 25,921/- against Rs. 25,900/- in the previous year. The whole amount was recovered. There was at the beginning of the year a balance of Rs. 3,069/- of the previous year. A sum of Rs. 24/- was collected. Execution of a decree for Rs. 2,169/- has been obtained and the Municipal Advocate is taking steps to recover this amount. The balance of Rs. 876/- is to be brought under remission.

(e) Other items.- The arrears outstanding at the commencement of the year were Rs. 55,925/- of which Rs. 6,296/- represented adjustments of Plague Charges and Rs. 44,600/- contribution on account of maintenance of water supply for 1914-15 as explained above.

The demand for the year was Rs. 1,09,875/- of which Rupees 1,09,739/- was realised leaving a small balance of Rs. 136/- exclusive of contributions due from Government mentioned above. The action taken for the recovery of contributions is noted below -

A bill for Rs. 12,405/- being the moiety of Plague Charges has been forwarded to the Comptroller.

As regards the arrack registration and sur-charge fees, realization for the 3rd quarter of the year amounting to Rupees 4,319/- were credited in July 1917 and for the dues for the last quarter the matter is under correspondence.

Against the arrears of Rs. 11,325/- of previous years exclusive of contribution towards the maintenance of water supply, Rs. 6,925/- were recovered and Rs. 430/- were written off the accounts as per order of Government conveyed in their No. 2919/

✓

(2)

ML.51-16-32 dated the 13th November 1916 and Council resolution dated 7th April 1917 Rs. 524/- were given a set off against a claim for refund and Rs. 110/- deducted on account of erroneous entries in the Demand Registers, thus leaving at the close of the year a balance of Rs 3,100/- Steps taken for the recovery of the balance are noted below -

Suits have been filled for amounts aggregating	Rs. 2,048-0-0
Amounts for which remission is to be sought for ..	" 912-0-0
Amounts for the recovery of which preliminary action has been taken.	" 140-0-0
Total	Rs. 3,100-0-0
-----	-----

11 Incidence of taxation.- The incidence of taxation during the year was Rs 3-4-0 against Rs. 3-0-1 in the previous year, calculated with reference to the total actual income under "A - Municipal rates and taxes". According to the method of calculation in vogue in the Civil and Military Station, the incidence will be Rs. 3-15-6 against Rs. 3-10-4 in the previous year The incidence in the Civil and Military Station Municipality is ascertained to be Rs. 3-8-10.

P A R T II

Financial Position.

12. The year opened with a balance of Rs 1,71,921,- against Rs. 35,781/- in the previous year, excluding Rs 37,500/- placed in Fixed Deposit in the Bank of Mysore and Rs. 37,500/- invested in the Government of Mysore Pro-notes of 4% loan of 1906-07 The receipts were Rs. 5,32,924/- against Rs.4,83,131/- (audited) in the previous year showing an increase of Rs 49,793. Deducting from the total receipts the amount of book adjustments,

✓

(21)

viz. Rs. 47,400/- on account of advances made in the first instance to the Special Revenue Officer for compensation and adjusted afterwards by being accounted for as ~~final~~ final expenditure, the actual receipts will be Rs. 4,85,824/-. This is in excess of the revised estimate by Rs. 62,737/- and by Rs. 50,169/- over the sanctioned estimate of Rs. 4,35,355/-.

Comparing the revenues under the items of demand proper with those of the previous year as noted in the margin it will be

	1915-16	1916-17

(ii) Rs. 1,50,000/- was placed in Fixed Deposit in the Bank of Mysore, so as to fetch interest and shown in the accounts under "Public Debt".

(iii) The expenditure under Plague amounted to Rupees 24,810/- and was above the normal.

(iv) The amounts collected on account of value of sites in Basavangudi Extension to be credited to Government were in the first instance placed in Municipal Deposit and then transferred to Government funds. Hence payments under deposits amounted to Rs. 25,368/-

470 3 500-5 11
(2-4-500)

Leaving the above abnormal items amounting to Rupees 2,32,432/- the expenditure came to Rs. 3,20,180/- and was well within the means of the Municipality.

The balance at the close of the year was Rs. 1,04,832/- exclusive of the Fixed Deposit of Rs. 1,50,000/- in the Bank of Mysore and Rs. 37,800/- invested in the Government of Mysore Promotes.

A register of advances ^{as per form 81} (in the Municipal Account Manual - Form-81) was for the first time opened in November 1914. According to the register, there remained a sum of Rs. 6,934-1-7 outstanding at the end of June 1917, to be accounted for by the following officers:-

Chief Electrical Engineer	Rs. 33- ³ -0
Sanitary Engineer, Water Supply and Stores Division.	" 2,052- 0-0
Executive Engineer, City Drainage Project.	" 14-10-8
The Municipal Advocate (Mr. H.V. Ramaswami Chetty.	" 51-15-6
By Government on account of compensation.	" 240- 0-0
Chairman, Municipal Education Committee.	" 300- 0-0
Veterinary Inspector.	" 26-10-8
Special Revenue Officer Mr. Ranoji Rao.	" 3,800- 9-9
Vice President and Deputy Amildar.	" 215- 0-0

As

✓

(23)

As per petty cash book a sum of Rs. 4,311-14-7 being undistributed pay, monies to be remitted to Government Treasury etc. remained on hand on the 30th June 1917 and had been brought on the suspense accounts.

P A R T III - Receipts.

---0"0---

A - Municipal rates & taxes.

13. Ostroi.- The Revenue under this head was Rupees 1,38,425/- against Rs. 1,20,438/- in the previous year. There was a noteworthy increase of Rs 14,987/- realised under piece goods. The revenue ^{under} Ostroi formed 33 per cent. of the total receipts. The number of prosecutions pending at the beginning of the year on account of smuggling of tobacco and betel leaves was 2 and that instituted during the year 21, against 20 and 22 respectively in the previous year. The cases ended in conviction in 21 cases involving 24 persons against 46 cases involving 46 persons in the previous year. 2 cases remained undisposed at the end of the year. The amount of fines realised was Rupees 259/- against Rs. 146-8-0 in the previous year.

The incidence of taxation under this head was Rs 1-8-5 against Rs 1-8-9 in the previous year.

14. Taxes on vehicles and animals.- The receipts under this head were Rs. 6,526/- against Rs 8,397/- in the previous year. There is no chance of improving the present unsatisfactory state of collecting this tax, unless and until the Municipal Regulation is suitably amended to permit of bye-laws being passed rendering payment of animal and vehicle taxes compulsory as in the neighbouring Station Municipality.

(212)

15. Taxes on houses, buildings and lands &c. - The revenue under this head was Rs. 1,19,970 against Rs. 1,10,297/- in the previous year. The incidence of taxation per head of population on the assessed taxes was Rs. 1-5-7 against Rs. 1-4-2 in the previous year.

B - Realization under Special Acts.

16. Pounds. - The income under pounds was Rs. 3,567/- against Rs. 3,116/- in the previous year.

17. Public conveyances. - The receipts under this head increased from Rs. 4,387/- to Rs. 5,250/- in the year of report, owing to greater vigilance on the part of the staff.

C - Revenue derived from Municipal property and powers apart from taxation

18. A sum of Rs. 77,126/- was realised under this head against Rs. 88,246/- in the previous year. More than three quarters of the demand on account of site value in the Gavipur Extension had been collected in the previous year and the collection in the year of report was only a small part of the sale value. This accounts for the fall of revenue under the head "sale proceeds of lands and produce of lands". Receipts under the other items, viz. conservancy, markets and slaughter houses, license fees &c. were in excess of those during the previous year as noted below:-

From the sale of manure and from conservancy and other taxes Rs. 13,795/- was realised against Rs. 10,826/- in the previous year. The full demand was collected

The right of collecting fees in the vegetable markets of the City during the year was sold for Rs. 3,754/- against Rupees 5,084/- in the previous year. The total demand was collected

K - Miscellaneous.

of an uncertain and fluctuating character amounted to Rs. 2,409/-

F. Public Debt.

during the year against Rs 42,600/- in the previous year This

(27)

22. The increase under the item "Advances" from Rs. 1,008/- in the previous year to Rs. 55,268/- in the year of report represented the book adjustments of amounts advanced to the Special Revenue Officer for compensation for the acquisition of properties and adjusted in the year to the proper head of expenditure.

P A R T IV - Expenditure.

23. The charges on account of the several establishments of the Municipality amounted to Rs. 93,679/- against Rs. 91,268/- in the previous year.

A - General Administration

24. Refunds - A sum of Rs. 5,504/- was incurred under this head against Rs. 5,418/- in the previous year.

25. Pensions and Gratuities. - Rs. 1,914/- was charged to the Municipality by the Comptroller in the previous year. No intimation of such charges during the year of report has been received. A sum of Rs. 346/- being the pensionary contribution on account of the pensionable employees in the several Dispensaries of the City including Midwives, for the years 1915-16 and Rs. 1916-17 was paid and has been shown in the accounts.

B - Public safety.

26. Lighting. - Bills for electric lighting charges amounting to Rs. 21,640/- were paid. This included the annual contribution of Rs. 20,000/- and the cost of Royalty on the extra lights including the 1/2 Watt Lamp of 2000 candle power installed in the City market square. The Royalty on the latter alone amounted to Rs. 600/- An additional sum of Rs. 1,694/-

was

✓

Municipal Department of Public Works. The expenditure under these three latter heads amounted to Rs. 13,962/- against Rupee 3,630/- of the previous year. The short expenditure under D.P.W. proper was due to (1) the failure of the metal contractor to supply metal, (2) the paucity of Railway trucks for ralling laterite from Rajankunte, (3) scarcity of labour to execute works and (4) to a sum of Rs. 9,715/- reappropriated from this head for the construction of temporary and permanent sheds in Health Camps.

During the year 1915-16 the system of letting out on contract the supply of road materials for 3 years at a time was introduced. Out of the total quantity of 7455 cubic yards of quarry metal required for the year 1915-16 the contractor was able to supply 3766 cubic yards. During the year of report the supply was still more inadequate. For 6051 cubic yards of metal required, only 3111 cubic yards were supplied and the special repairs of some metal roads had consequently to be postponed. The supply of laterite fared no better. Out of 2006 cubic yards required for the year 1915-16 only 942 cubic yards were supplied. The quantity required for the year 1916-17 was 1871 cubic yards, only 678 cubic yards were supplied. The rates accepted by the contractor are as follows.-

	1915-16	1916-17	1917-18.
Metal	2-6-0	2-4-0	2-4-0
Laterite	2-4-0	2-2-0	2-2-0

On the whole, the system has not worked as satisfactorily as was expected. The contractor was by the terms of the Mutchalika written out by him bound to supply the whole quantity of road material required for 1916-17 by the end of September 1916. On his failure to do so, orders were placed with other contractors at first at the tender rate of Rs. 2-4-0 but later at Rs. 2-5-0. Nearly 300 cubic yards of metal were thus supplied by new contractors.

L--

As

1½ furlongs of roads and 160 feet of conservancy

39

As usual, the chief work consisted of repairs and up-keep of roads, streets, lanes, buildings and drains.

During the year, 57 furlongs of metal roads, 27½ furlongs of gravel roads and lanes were recoated against 84 furlongs of metal roads and 57½ furlongs of gravel roads and lanes of last year. Narrow lanes which used to get badly washed out during rains were paved with uncized stones during the year, for the first time. A total length of 10½ furlongs was thus repaired. The total amount spent during the year was Rs. 31,077/- against Rs. 30,621/- in the previous year. This works out to Rs. 327/- per furlong during the year under report, against Rs. 215/- per furlong of the last year. The difference may be explained by the fact that a larger number of lanes in the colony the cost of repairing which per furlong was comparatively smaller, had been included in the total length for the year 1915-16 for striking the average, while in the year 1916-17, 16 furlongs have been repaired with 4½" to 6" thickness against the usual thickness of 3" and consequently raising the cost of repairs per furlong. Moreover, the cost of paving (with uncized stones) 10½ furlongs of narrow lanes which cost Rs. 5-8-0 per square against Rs. 2/- per square for mere gravelling executed in previous year has also contributed to the rise in the average cost per furlong. The average cost per furlong during the year 1914-15 was Rs. 320/-

The roads were maintained in fairly good condition. With a view to keep down the dust on heavy traffic roads, road-watering was commenced as early as November, instead of in February as usual. More efficient road-watering was possible on account of the 13 Municipal hydrants specially provided in the different localities of the City for the purpose.

Considerable attention was paid during the year to the opening of congested parts in the City. 6½ furlongs of roads and 324 feet of conservancy lanes were opened during the year, against

1½ furlongs of roads and 160 feet of conservancy lanes in the previous year.

5666 feet of drains were newly built at a cost of Rs. 5,501/- against 2968 feet in the previous year at a cost of Rs. 3,327/- .

6551 feet of drains were repaired at a cost of Rs. 4,511/- against 8444 feet at a cost of Rs. 5,141/- in the previous year.

The combined sewage and storm water drains on Kemmangundi and Nagarthapet roads, which were in bad condition, were greatly improved.

Under buildings original, one urinal and two cookhuts were built at a cost of Rs. 1,719/- against an expenditure under this head of Rs. 2,977/- in the previous year.

10 buildings were repaired at a cost of Rs. 1,523/- against 9 at a cost of Rs. 1282/- in the previous year.

Besides these, 10 pukka sheds to accommodate 20 families were built in the newly formed Health Camp to the East of the Basavanagudi Extension. A sum of Rs. 6,200/- was spent during the year under report & a balance of Rs 2,100 has to be paid during the current year.

39 temporary sheds were put up in the different Health Camps in the City at a cost of Rs. 2,310/- and water and lighting facilities provided for them.

All the buildings attached to the Plague Hospital in the Magady road were repaired at a cost of Rs. 2,655/-. Thus, the total expenditure incurred for the construction of Health Camp sheds and repairs of the existing Plague Hospital buildings was Rs. 11,763/- against Rs. 1,028/- during the previous year.

The Municipal City Improvement Committee met 14 times and disposed of 114 cases.

Land Acquisition Work.- During the early part of the year a 17 register was opened embodying all notifications for acquisition since 1906-07 when the Vice President was first authorised to take orders for acquisition. Out of a total number of 577

cases

came up to the end of 1915-16, 34 cases had been withdrawn prior to 1916-17 and 4 additional Notifications were withdrawn during 1916-17.

As the work was in a state of great confusion, a temporary clerk had been appointed to assist in the work from the 10th October 1916 for a period of 6 months, which was later extended by another period of 6 months.

On the 1st July 1916, 139 files had to be traced. 73 of these were sorted out from the records and studied during the year 1916-17 leaving 66 files still to be recovered or studied. These relate to 10 cases in 1906-07, 2 in 1907-08, 2 in 1908-09, 1 in 1909-10, 17 in 1910-11, 25 in 1911-12 and 4 in 1912-13.

On the 1st July 1916, awards had to be passed in 64 cases, exclusive of the 61 unknown cases specified above. In 38 of these cases, acquisition proceedings were completed and awards passed during 1916-17. Proceedings are under progress in the remaining 26 cases.

112 properties were actually taken possession of during the year. In 73 instances the Municipal Engineer certified that properties were in the possession of the Municipality from some unknown time and they were accordingly brought on the acquisition register during the course of the year.

173 properties had been known to have been taken possession of between the years 1906-07 to 1916-17, 73 properties had been taken over at unknown periods and 112 properties were taken possession during 1916-17 thus bringing the total number of properties taken possession till the close of the official year 1916-17 to 363 out of 636 notifications.

The statistics hitherto enumerated do not include the notifications for acquisition received during the year 1916-17, which numbered 53. Proceedings were completed in 20 and properties taken

taken

taken possession of in 9 such cases. The total number of cases in which the Senior Vice President and Land Acquisition Officer awarded compensation also came to 33. In 30 cases the award was accepted and in 10 instances the parties sought a reference being made to the Court under Section 19 (1) of the Land Acquisition Regulation. In 7 of such cases enhanced compensation has been given and the remaining 12 cases are under enquiry. The total amount of compensation awarded by the Senior Vice President and Land Acquisition Officer in the 33 cases alluded to ^{came} ~~came~~ to Rs. 24,173/-. In the 7 cases disposed of by the Civil Court, a compensation of Rs. 15,220/- was given against Rs. 6,837/- awarded by the Land Acquisition Officer.

E - Public Health

29. Destruction of snakes and dogs.- The number of snakes killed was 19 against 18 of the previous year and a reward of Rs. 7-5-0 was paid therefor. The number of dogs destroyed was 614 against 1244 in the previous year, the cost incurred being Rs. 49-9-6 against Rs. 63-5-6. The number of dog bites reported was 34. In two instances the brain was sent to the Coonoor Pasture Institute and was certified to contain the specific micro organism of rabies. In 4 instances the animals were not traced and in 37 cases they were kept under observation at the Fort Gate from 10 to 15 days and discharged. 31 persons in all, were sent to Pasture Institute, of whom 3 went at their own cost, 5 at the cost of Government Departments and 23 at the expense of the Municipality. There were no deaths reported from Hydrophobic.

30. Water Supply and maintenance.- The management of water supply in the City rests with the Executive Engineer, Water Supply and Stores Division. Towards its maintenance, a contribution of Rs. 30,000/- is being paid by the Municipality. The weekly statements of the bacteriological analyses of Heesargatta

Mesuarphatta water (filtered and unfiltered) sent to the City Health Officer by the Director of Public Institute, showed that the standard of purity was high. 190 samples from public fountains in the City and 4 from private wells were sent for analyses and no pathogenic organisms were reported to be present.

31. Conservancy.- The strength of conservancy staff remained unaltered. The expenditure incurred on account of establishment and other charges of conservancy, amounted to Rupees 46,851/- against Rs. 46,046/- in the previous year. A temporary gang was employed for a period of 4 months from 1st October 1916 to 14th February 1917 at a cost of Rs. 311/- for the removal of lantana and other rank vegetation in the City and Extensions. 4 temporary carts for the removal of silt from the main drain was engaged throughout the year except in November 1916 at a cost of Rs. 673/-. Also 10 coolies were temporarily engaged for the above purpose for 2 months at a cost of Rs. 98/-

32. Sanitary defects and progress.- The Sanitary Inspectors noted defects in 1510 premises against 2173 in the previous year. The notices issued were as under -

1. Building without and contrary to license	232
2. House connection drains.	59
3. Filthy premises and non-removal of filth	83
4. Decayed and offensive buildings ventilation and removal of lantana	156
5. Ruinous and dangerous buildings	141
6. Amendment of latrines, filling up cess pits and providing wicket doors.	474
7. Trough and pipes for rain water	8
8. Collection of timber, building materials &c	77
9. Filling up pits, wells, pools and abatement of nuisance.	36
10. Obstruction and encroachments upon public streets and open spaces.	3

11. Removal of structures of inflammable material.	13
12. Punishments for disobedience to orders to execute work.	34
13. Removal of offensive manure.	23
14. Trimming of hedges &c.	22
15. Minor nuisances	112

The terms of 1323 notices were complied with during the course of the year:-

1. Building without and contrary to license.	318
2. Improvement to latrines and providing wicket doors.	347
3. Demolished and offensive buildings.	107
4. Non-removal of filth and filthy premises.	10
5. House connection drains	107
6. Removal of dangerous buildings.	96
7. Collection of timber and building material.	53
8. Filling up pits, pools &c.	16
9. Removal of structures built of inflammable material &c.	23
10. Removal of offensive manure.	55
11. Removal of projections.	8
12. Dangerous and offensive trades.	4
13. Minor nuisances.	75

During the year under report, out of 1978 applications received for building licenses besides 88 applications pending at the beginning of the year, permission was granted in 1564 cases, alterations enjoined in 753 cases and definitely refused in 305 instances. 246 prosecutions were instituted during the year, for building without license or contrary to the terms of licenses granted. The total fines realized therefrom was Rs.467-8-0. In addition to these, 776 prosecutions were launched under the public conveyance regulation and dangerous and offensive trades

bye-law No. 6. by the Collection Department, which resulted in conviction in 173 cases. The amount of fine recovered was Rs. 633/- against Rs. 554 during the previous year. A total number of 36 prosecutions ^{was} withdrawn with the permission of the Magistrate.

The works of sanitary nature undertaken during the year, are shown in the statement (I). The filling up of the Fort Mead near Kalasipalya made fair progress during the year.

33. Nuisance prevention.- The continuance of a staff of temporary peons for preventing nuisance in the streets had been sanctioned for the year. On account of the difficulty of securing suitable men, it was not possible to entertain the staff to the full scale and the few men entertained, remained only for short periods. 782 cases of commission of nuisance were detected. The offenders were punished with fine in 430 instances and in 354 cases they were warned and let off - the cases pending at the close of the year being 18.

34. Malarial investigation.- In their order No. 2056/- Ml.237-15-4 dated the 10th July 1916 Government sanctioned the retention of the marginally noted staff during the year, for conducting the Malarial Survey of the City.

1 Sub-Assistant Surgeon.
2 Draftsman.
2 Peons.

A survey of the whole of the 5th, 6th, 2nd and 4th Divisions of the City, Sampige tank and its surroundings, Lal-bagh and, a portion of Malleswaram has been made. A detailed report will be submitted on the subject. The establishment ceased with effect from the 1st July 1917.

35. Food-Inspector.- The post of Food-Inspector was made permanent in Government Order No. 3272-3/Ml 12-16-35 dated the 23rd November 1916. The work done on this head may be

summarised

Arrived at Pabna - (Tide statement - 2)

490 visits were paid to hotels, eating houses, sweet-meat stalls. 14 premises were compelled to be they were not suited for the purpose. Structural such as rendering the floor impervious with Gudsapah and providing proper smoke vents, etc. were enforced as instances. Stale articles of food and decomposing fruits were destroyed. 316 cases. A great deal of attention was paid to the improvement of cattle sheds.

During the year 1916-17, the Food-Inspector reported in all 94 cases which fell under the the following heads 64 cases under Sections 48 (i) C & E and 30 cases under Section 142 of the *Municipal Regulation*

Unwholesome articles of food stuffs consisting mostly of stale mutton, ghee and wheat flour and a few samples of soda-water as also a sample of gongelly-oil had been sent to the chemical Analyst for examination. Most of them were certified to be adulterated and the persons concerned were placed before the Magistrate. The fines realised on this head amounted to Rs 247/-

Apart from the parties being dealt with as indicated above the Food Inspector under the instructions of ^{the} Health Officer above his best to educate the people on the baneful effects of using unwholesome articles of food.

36. Midwives and maternity.- There were 6 midwives as in the previous year and the total number of labour cases conducted by them was 517 against 522 in the previous year.

37. Plague, cholera and other diseases.- Plague broke out in the City in the month of July 1916 in a sporadic form and lasted till the end of April 1917. Of the different forms of the disease the bubonic and the septic were those that prevailed. The 3rd Division was the first affected and gradually ~~xxxxxxxxx~~ ~~xxxxxxxxx~~ infection spread to the other parts of the City in
cluding

37

including the Basavangudi and Yalleswaram Extensions. The total number of attacks was 912 (827 in the City proper and 85 in the Extensions) against 53 in the previous year, the number of deaths being 709 against 42. The ratio of mortality per 1000 of population was 7.09 against 59 in the previous year; the percentage of Plague deaths to total mortality being 16.3 against 1.4 and that of Plague deaths to Plague attacks being 77.7 against 79.2 in the previous year.

A comparative statement showing the Municipal Divisions ~~affected~~ fairly heavily infected with Plague is given below

1916-17		1915-16	
Division	Number of attacks	Division	Number of attacks
III	409	III	25
II	82	II	19
IV	72	V	3

The highest mortality was recorded in October 1916 and the lowest in April 1917. Statements showing the number of attacks and deaths classified according to months and according to age and sex are appended. The highest mortality (207) was among persons of ages of 20 to 30 and the lowest (13) of the ages of 1 to 5. The highest number of attacks (114) and deaths (88) occurred among Mahomedans.

38. Rat examination - 344 rodents as detailed in the statement appended were examined microscopically for Plague germs. In 180 cases, Plague bacilli were found.

Methods adopted for prevention of Plague.

39. Epidemic Diseases Hospital - The total number of admissions into the Epidemic Diseases Hospital was 343 (254 of the bubonic type and 89 of septic variety), the voluntary admissions being 128 against 27 in the previous year. The mortality was

✓

62.00 against 35.20 in the previous year. 130 cases were discharged cured. The number of patients admitted in moribund state was 62 and all died in 24 hours.

40. Evacuation.- There were 1262 admissions into the contact camp against 338 in the previous year. Owing to the virulence of Plague during the year of report and the consequent demand for camp accommodation, 6 additional contact camps were built. 18 temporary zinc sheds had been put up in the Reshanbagh Road and in addition 18 temporary thatched sheds were also put up in the same place. 12 comfortable temporary sheds were put up in the Basavangudi and 6 in the Malleswaram Extensions. The total cost amounted to Rs. 2,310/-. Water Supply, lighting and conservancy facilities were provided to these camps. Police patrol was also arranged. 222 persons availed themselves of this accommodation. 2 cases of Plague occurred in the Health Camps. To meet possible contingencies in future and to accommodate the well-to-do classes, 10 permanent sheds to accommodate 20 families were built in the newly selected site to the East of Basavangudi Extension at a cost of Rs. 3,060/- While accommodation in the common camps will be free, a small rent will be levied for accommodation in the Pukka buildings and the stay will be limited to a definite period at the discretion of the Health Officer.

41. Disinfection.- Disinfection of infected houses, was undertaken with Kerosine oil emulsion and fumigation with neem leaves. The total number of houses thus disinfected was 5432 against 1140 in the previous year.

42. Inoculation.- In view of the virulence of Plague, the services of a special Medical Officer were placed at the disposal of the Municipality by the Senior Surgeon. A total number of 12859 inoculations were performed against 78 in the previous year. The inoculations were mostly voluntary,

only

(29)

only a sum of Rs. 33/- being spent on account of rewards.

43. Expenditure. - The total expenditure for Plague preventive measure was Rs. 24,810/- against Rs. 8,810/- in the previous year

44. Cholera. - No cases of Cholera occurred during the year

45. Small-pox - There were 55 attacks with 25 deaths. The usual precautionary measures such as segregation, vaccination and house-to-house inspection for detecting unprotected cases were resorted to.

46. Rat destruction - No special staff was employed for the purpose.

47. Vaccination. - Vaccination continued to be compulsory and the number of itinerant vaccinators (3) and the vaccination depots (3) including the Vaccine Institute, the Imperial Service Lancera Lines and the Central Jail remained the same as in the previous year. The number of cases vaccinated was 4414 against 5256 in the previous year - the percentage of successful cases being 37.9 against 34.4

48. Registration of births and deaths. - The number of births registered during the year exclusive of still born children was 3323 against 3393 in the previous year, the ratio calculated on the uncorrected Census population (88651) being 39.7 per mille against 38.2 of the previous year

49. Still-births - The number of still-births recorded during the year was 167 against 175 in the previous year - the percentage to the children born alive being 4.7 against 5.1

50. Clergical - Hindus returned the highest birth rate of 42.8 per mille, the next highest 35.3 being among Christians - Mahomedans returning 24.5.

✓

51. Sex. - Of the number of children born, 1725 were males and 1800 females - the proportion of male to female being 95.8 : 100.

52. Deaths. - The registered deaths inclusive of still-births numbered 432^{1/2} against 2933 in the previous year, the ratio calculated on the uncorrected Census population being 48.7 against 33.00. The increase is to some extent due to deaths from Plague.

53. Sex. - Deaths among males ~~numbered~~ numbered 2132 and among females 2174, the proportion of male to female being 98.9.100.

54. Classes. - The number of deaths registered among Hindus was 3764, among Mahomedans 435 and among Christians 86, the death rate being 51.0, 41.8 and 29.1 respectively.

55. Age. - Except in the case of infants under one year, the heaviest mortality was among persons of 60 years and upwards.

56. Infant mortality - Deaths of infants under one year of age numbered 729 against 733 in the previous year. The ratio of deaths to 1000 births being 206.8 as compared with 216.03 of the previous year. The number of prosecutions instituted for failure to register births and deaths was only 2

Municipal Employees' Co-operative Society

57. There were 300 members on the roll on 1st July 1916. There were 16 new admissions and 18 ^{resigned} ~~registered~~ during the year - the total number on the 30th July 1917 being 298. The opening balance at the credit of the Society on 1st July 1916 was Rupees 2,465-6-9, the receipts and payments being Rs. 5,775-11-2 and Rs. 6,445-9-7 respectively. The balance at the end of the year was Rs. 1,795-8-4. The net profit for the year was Rupees 260.

Unani

Unani and Ayurvedic Indigenous Hospitals.

58. The number of Unani and Ayurvedic Indigenous Hospitals receiving a grant-in-aid from the Municipality remained the same as in the previous year. The total grant-in-aid paid by the Municipality amounted to Rs. 1,005/- against Rs. 600/- in the previous year. The increase is due to the amount of grant-in-aid in respect of two Institutions in Ulsoorpet and Kumbharpet having been raised from Rs. 12-8-0 to Rs. 25 and Rs. 20 respectively in Government Order No. 2483-4/M 11-16-13 dated the 19th October 1916. There was said to be fair attendance at these Institutions. (Vide appendix - XIII).

The contribution of Rs. 200/- per month was continued to St. Martha's Hospital during the year.

Public Gardens and Parks.

59. With a view to improve the Municipal Garden, a Committee of management has been formed consisting of 3 Municipal Councillors including the Health Officer. The Committee met 6 times and some improvements were effected and others are in course of action. Indian Music ~~was~~ played as usual during Sunday evenings. The small park in front of the Disinfection Store near the Fort Gate was kept in fair condition and continued to be popular. A sum of Rs. 723/- was spent under this head against Rs. 763/- in the previous year.

60. Avenues - The expenditure incurred during the year under this head was Rs. 73/- against Rs. 966/- the average for the last four years. A definite programme of avenue-planting-operation, to be carried on in successive years, is under preparation. As it was not ready before the last ^{planting} ~~planting~~ season i.e. before October and as funds were required to meet other urgent works, a sum of Rs. 1,550/- was transferred from the allotment

11/4/17

allotment for "Avenues" to "Construction and repair of Plague sheds". The young plants which existed, were looked after by the ordinary gang coolies 75 plants died and 327 were remaining at the end of the year. The amount realised by the sale of usufruct of the avenue trees was Rs 130/- while Rs. 477/- was realised by the sale of the dead trees and loppings.

61. Public Instruction.- The number of Municipal and Aided Schools in the City remained the same as in the previous year, Viz 2 and 9 respectively. Government were pleased to sanction the long pending revision of the scale of establishment of the two Municipal Schools in their order No. 6391-4/M.171-13-6 dated the 3rd April 1917. The Municipal Councillors and other citizens working on the compulsory Education School Committees in the several Mohallas evinced considerable interest in their working. It is desirable to invest these Committees with a larger measure of control over the management of these institutions.

not aiti -

The total cost incurred under this head was Rs 5,963/- against Rs. 6,483/- in the previous year.

62. Charitable Institutions - The cost of feeding bona fide travellers in the Municipal Annachattram and the payment of money doles and supply of clothing to the inmates of the Langarkhana amounted to Rs. 8,101/- against Rs.5,162/- in the previous year.

Contributions and grants-in-aid to public reading rooms and libraries.- Government in their order No. 4846-3/M 18-15-07 dated the 20th December 1916 sanctioned the formation of 6 Branch Libraries in the Pungalore City at the cost of the Municipality. The proposal of the Council to locate 4 of them in the Compulsory Schools at Ulsoorpet, Arlepet, Shan-arapur and Malleswaram free of rent was approved by

Government

✓

163

Government in their order No. 8047-9/Mdn.18-18-73 dated the 2nd April 1917. The Library at Arlepet School was opened from 10th April 1917 and a monthly average expenditure of Rs. 16/- on this account is borne by the Municipality.

A sum of Rs. 500/- was advanced for equipping the libraries with furniture, books and journals.

The Municipal Council paid a contribution of Rs. 60/- on account of expenses connected with the Bangalore District Conference held in the District Office buildings, in March 1917.

63. Law charges.- Mr. E.V. Ramaswami Chetty, Advocate, continued as Counsel for the Municipality on an honorarium of Rs. 150/- per month. 230 cases of the Municipality were conducted by him in the several courts against 32 in the previous year. The expenditure incurred under Law charges was Rs.2,447/- against Rs. 1,435/- in the previous year. Of the 3 Civil suits filed during the year against the Municipal Council, Messrs Kempanna and Puttappa, Toll Contractors for 1915-16 withdrew their case and a compromise was effected. The case of Muni-venkatappa against the Municipality for cancelling his manure contract during 1916-17 and the case of Muddappa against the Municipality for loss alleged to have been sustained by him on account of demolishing a dilapidated house are still under enquiry.

64. Audit of accounts.- The accounts of the City Municipality were audited every month by the Municipal Audit Committee as noted below -

1.	Mr. N. Surappa		July and August
2.	S Venkatramangar		
1.	" N. Surappa		September to November
2.	" V. Venkatrama Iyer		
1.	" N. Surappa		December to March
2.	" M. Ramachandra Rao Sindhe		
3.	" G. Siddaveerappa		
1.	" N. Surappa		April to June 1917
2.	" C V. Narasimhangar		
3.	" K S. Krishna Iyer

The

(44)

The Local Audit Section of the Comptroller's Office conducted during the course of 1915-17 the audit of the accounts of the year 1915-16. The audit note has been received from the Comptroller and is receiving attention.

City Improvements.

65. The City Improvement Committee appointed as per Government Order No. 6346-9/Ml.330-12-2 dated the 20th December 1913 met 4 times during the year and dealt with several questions. The constitution of the Committee remained the same. Rao Bahadur K. Krishna Iyengar could not attend the meetings during the latter part of the year owing to ill-health. The attendance of the other members was good.

Mr. J.S.A.D'Cruz, retired Executive Engineer of the Public Works Department, was in Government order No. 6461-4/Ml.111-15-17 dated the 3rd March 1916, appointed to work out the drainage project for the City. He has completed the plans and estimates of the schemes which are about to be submitted to Government.

Mr. B.S. Ranóji Rao, B.A., was placed on deputation in Government order No. 3957-61/Ml.94-16 dated the 22nd December 1916 for the purpose of acquisition of properties in connection with the City Improvement scheme. The work of acquisition has made good progress.

A preliminary local inspection of the several Improvement Schemes proposed by the Committee was made by the Dewan accompanied by heads of several State Departments, Members of the City Improvement Committee and of the Municipal Council and principal citizens. Government Proceedings No 2747-50/Ml 111-15-32 dated the 3rd November 1916 was issued fixing the programme of works to be taken up and how they should be dealt with.

The following 6 schemes was prepared and submitted to Government and their sanction to the first 4 has been received -

2

(1)

65

- (1) The acquisition of properties for the new market.
- (2) The acquisition of properties in and about Bamboo Bazaar for locating the Town Hall and Municipal Offices as originally decided.
- (3) The complete scheme of diversion of the City Main Drain between Maramat Krichma Rao's street and Bamboo Bazaar tunnel.
- (4) The plan of 'lay-out' for the new Extension, East of Fox Centre Road.
- (5) The acquisition statements with plans and estimates for the formation of an Industrial Suburb on the Nagady Road.
- (6) Plans, estimates and acquisition statements for continuing the Kitchetty Chattram road to the City Railway Station through the Dharmambudi tank.

A scheme for the shifting of the Bamboo Bazaar and locating it elsewhere has been approved by the City Improvement Committee.

Action has been taken in the acquiring of the properties in item No. 1. In items 2 and 3 the acquisition of properties has not been proceeded with on account of the recent proposals of shifting the site of the Town Hall and Municipal Offices to the large open area opposite the market.

As desired by Government in their order No. 1297-347/Ml.112-14-13 dated the 13th August 1915 the expenditure connected with the City Improvement schemes was during the year 1916-17 met out of Municipal funds and aggregated Rs. 55,080/- of which Rs.3,850/- was towards the salary etc. of the staff employed and Rs.51,200/- towards compensation of properties acquired. A contribution of two thirds of the total cost amounting to Rs. 36,693/- is payable by Government and a bill will be submitted for adjustment.

Events of Note.

66 Government have in their Proceedings No. 3005-55/Ml. 132-16-1 dated the 16th November 1916 passed orders on the scheme

1

for

46

for the development of Local self Government in Mysore and the Draft Bill to further amend the Mysore Municipal Regulation VII of 1906 in accordance therewith, is under the consideration of the Legislative Council.

Government have in their order No 7200-2/M.142-13-9 dated the 27th March 1916 approved the scheme of improvements to Palace Upparahally and Dobbpet. The detailed estimates and plan have been submitted to Government with this office letter No. 432 dated the 23rd May 1917.

Government have in their order No. 3778-81/M.126-15-6 dated the 12th December 1916 sanctioned the construction of a new Epidemic Diseases Hospital to the South-east of Basavangudi Extension, in preference to effecting improvements in the present buildings on the Hagady road and desired the Municipal Council to pay a contribution of Rs 25,000/- for the construction thereof. Rs. 12,500/- has been provided in the Budget for 1917-18 and the other half will be provided ~~in the Budget~~ in the year 1918-19.

Mr. K.P. Puttanna Chetty, who has been the Honorary President of the Municipal Council for the past 4½ years, was admitted to the Order of Companionship of the Indian Empire and was presented with an Address of congratulations by the citizens of Bangalore.

G e n e r a l R e m a r k s

07. The Municipal Council would respectfully bring to the notice of Government the grave disability they are labouring under in their having no control over the Water supply or Electric Lighting of the City. These are items in which the voice of the Municipal Council ought to be paramount and a modification of the existing system, whereby the working of

✓

both

both Departments so far as the City is concerned will be placed directly under the control of the Municipality is called for in the interests of the citizens.

There was considerable improvement in the Municipal Administration in several directions - notably in the passing of standing orders on several vexed questions, an improved method of auditing Municipal accounts by the Municipal Audit Committee, the introduction of more regular and systematic methods of work in the Municipal Office and the comparatively rapid disposal of business and the collection of Municipal revenues.

A Municipal Calendar was written up defining all the various Municipal events and serving as a standing reminder on all Municipal matters for both the Municipal Councillors and the Municipal Establishments.

It only remains to be mentioned that the Municipal Councillors and other gentlemen working in the several Committees evinced the greatest zeal and enthusiasm in their work. The devotion and self sacrifice of Municipal Councillors in all questions relating to public weal and the increasing interest evinced by the general public in matters of Local Self Government, are of happy augury in connection with the liberal orders passed recently by the Government of His Highness the Maharaja of Mysore for the development of Local Self Government in Mysore.

Mr. R. Subba Rao, Vice President has worked with his wonted zeal and devotion to rectify abuses and set the Head Office and the Collection Branch in order and promote their efficiency. Doctor V. Fernandes, Health Officer, has looked after the health of the City with care and given satisfaction

Proceedings of the Government of
H H the Maharaja of Mysore

R E A D -

Administration Report of the
Bargalore City Municipality for the
year 1916-17 received with letter No
91 dated 1st October 1917 from the
President, Municipal Council, Bargalore
City

Order No 6310-5 mil 96-17-25
Dated Bargalore the 9.5.1918

The strength of the Municipal
Council was increased during the year
by the addition of a member to re-
present the Bargalore Chamber of Com-
merce There were thus one ex-officio,
12 nominated and 12 elected, or in
all, 25 members

2 Meetings

Twenty meetings were held, of
which 12 were ordinary, three adjourn-
ed and five special The average
attendance of official and non-
official members, respectively, was
1 95 and 15 25 against 1 88 and 15.77
in the previous year The attendance
of non-official members at the meet-
ings admits of improvement

3 Assessment and Taxation

The General Revision of
assessment

6/3/18
2/5

49 (135)

assessment which had been allowed to lie over for a period of nearly 20 years was completed during the year, resulting in an average net increase of 20% in the revenue from assessed taxes. Government notes with satisfaction that this work was undertaken and completed by the ordinary establishment of the Municipality.

The incidence of taxation during the year was Rs 3-4-0 per head of population, against Rs 3-0-1 in the previous year.

4 Demand, Collection and Balance

The total demand under all items including arrears (except Octroi) was Rs 3,22,834 (against Rs 4,23,850 for 1915-16) of which Rs 2,69,132 or 83 4% was collected, Rs 8,291 or 2 5% remitted, and Rs 45,411 or 14 1% remained in arrears. Collections under Octroi aggregated Rs 1,35,425 against 1,20,438 in 1915-16. The percentage of the demand collected in the case of assessed taxes was higher than in the previous year, being 72 3% against 63% in 1915-16 and there was also some reduction in the amount of - - remissions sanctioned.

5 Financial position

The total receipts under all heads amounted to Rs 5,32,924 against

50 (134)

Rs 4,83,131 in the previous year and showed an increase under all the principal items of Municipal revenue. The total disbursements during the year amounted to Rs 6,00,012 against Rs 3,46,992 in the previous year. This amount includes extraordinary items of expenditure as indicated in the margin, aggregating a sum of Rs.

Advances to the Special Revenue Officer	47,400
Compensation paid for properties acquired	50,200
Investment in the Bank of Mysore	150,000
Site values credited to Government	25,368
Abnormal Plague charges	6,864

	2,79,832.

2,79,832 Thus the ordinary expenditure of the Municipality (Rs 3,24,180) was well within the normal income (Rs 3,98,942) and the year ended with a balance of Rs 1,04,832 in addition to a sum of Rs 37,500/- invested in the Mysore Government Promissory Notes and Rs 1½ lakhs as a fixed deposit in the Bank of Mysore.

6 Public Works

The total expenditure on Public Works under the different heads was Rs 1,17,127 against Rs 1,07,641 in the previous year.

7 Lighting and water supply

A sum of Rs 27,780 was spent on account of lighting charges against Rs 21,696 in the previous year.

With regard to the request of the Municipality to be given control over the water ^{supply} and the electric lighting of the city, Government consider that such control will not

conduce

5/135-

conduce to the efficient management
of these services and ^{are} unable to comply with the request for the present

8 Public Health

But for the prevalence of plague in the City from July 1916 to April 1917, which accounted for 709 deaths, the public health was on the whole good

9 Sanitation and Conservancy

The total expenditure under this head was Rs 48,551 against Rs 46,046 in the previous year

As a result of the survey conducted in 1915-16, malaria was reported to prevail in certain localities in the City and certain remedial measures, e.g. the filling up of the mosquito breeding wells and pools and the acquisition of the Tiglar gardens were suggested by the Health Officer and approved by the Sanitary Commissioner. No information is contained in the report indicating the action taken by the Municipal Council on these recommendations. It is hoped that this important question will receive the continuous attention of the Municipal Authorities until some practical measures are adopted.

10 Vital Statistics

The registered births and

5 436

deaths were 3525 and 4326 against
3393 and 2933 respectively, being
39 7 and 48 7 per mille ^{high} The death-
rate of the year requires explanation.

Infant mortality continued to
be high, the number of deaths of in-
fants under one year old being 729
This points to the necessity of a
more extended employment of qualified
midwives The question of the em-
ployment of lady health visitors to
visit women in their homes and advise
them as to the care of their health,
bringing them when necessary within
the reach of qualified doctors, may
engage the consideration of the
Municipal Council

11 City Improvements

The City Improvement Committee
constituted in G O No 6346-9/M1
330-12-2 dated 20th December 1913
dealt with several improvements in
accordance with the programme of works
prescribed therefor A sum of
£ 55,050 was spent on the acquisi-
tion of properties in this correction
Plans and preliminary estimates have
been submitted in connection with the
drainage scheme These are under the
consideration of Government

52 (187)

12 General

The work of the Municipal Council during the year was satisfactory and the Government desire to place on record their appreciation of the disinterested work of the several members of the Council and to convey their thanks to Dewar Bahadur Rajasabhabhusnara K.P. Puttarra Chetty Esq., C.I.E. the Honorary President, for the efficient administration of the Municipality during the year and for his valuable services in connection with the improvement of the City

Administration Report
Reviews the — of the Bangalore City Municipal Council for the year 1916-17

No 6310-5—ML 96-17-25, DATED 9TH MAY 1918

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS

READ—

Administration Report of the Bangalore City Municipality for the year 1916-17 received with letter No 91 dated 1st October 1917 from the President Municipal Council Bangalore City

Order No 6310-5—ML 96-17-25, dated 9th May 1918

The strength of the Municipal Council was increased during the year by the addition of a member to represent the Bangalore Chamber of Commerce. There were thus 1 *ex-officio*, 12 nominated and 12 elected, or in all, 25 members.

2 *Meetings*—Twenty meetings were held, of which 12 were ordinary, 3 adjourned and 5 special. The average attendance of official and non-official members, respectively, was 19.5 and 15.25 against 18.8 and 15.77 in the previous year. The attendance of non-official members at the meetings admits of improvement.

3 *Assessment and Taxation*—The general revision of assessment which had been allowed to lie over for a period of nearly 20 years was completed during the year, resulting in an average net increase of 20 % in the revenue from assessed taxes. Government note with satisfaction that this work was undertaken and completed by the ordinary establishment of the Municipality.

The incidence of taxation during the year was Rs 3-4-0 per head of population, against Rs 3-0-1 in the previous year.

4 *Demand, collection and balance*—The total demand under all items including arrears (except octroi) was Rs 3,22,834 (against Rs 4,23,850 for 1915-1916) of which Rs 2,69,132 or 83.4 % was collected, Rs 8,291 or 2.5 % remitted, and Rs 45,411 or 14.1 % remained in arrears. Collections under Octroi aggregated Rs 1,35,425 against 1,20,435 in 1915-16. The percentage of the demand collected in the case of assessed taxes was higher than in the previous year, being 72.3 % against 63 % in 1915-16 and there was also some reduction in the amount of remissions sanctioned.

5 *Financial position*—The total receipts under all heads amounted to Rs 5,32,924 against Rs 4,83,181 in the previous year and showed an increase

Advances to the Special Revenue Officer	Rs 47,400
Compensation paid for properties acquired	50,200
Investment in the Bank of Mysore	180,000
Site values credited to Government	25,368
Abnormal Plague charges	6,664
Total	2,79,832

under all the principal items of Municipal revenue. The total disbursements during the year amounted to Rs 6,00,012 against Rs 3,46,992 in the previous year. This amount includes extraordinary

items of expenditure as indicated in the margin, aggregating a sum of Rs 2,79,832. Thus the ordinary expenditure of the Municipality (Rs 3,20,180) was well within the normal income (Rs 3,98,942) and the year ended with a balance of Rs 1,04,832 in addition to a sum of Rs 37,500 invested in the Mysore Government Promissory Notes and Rs 1½ lakhs as a fixed deposit in the Bank of Mysore.

6 *Public works*—The total expenditure on Public Works under the different heads was Rs 1,17,127 against Rs 1,07,641 in the previous year.

7 *Lighting and water supply*—A sum of Rs 27,780 was spent on account of lighting charges against Rs 21,696 in the previous year.

With regard to the request of the Municipality to be given control over the water supply and the electric lighting of the City, Government consider that such

No 6310-5—ML 96-17-25, DATED 9TH MAY 1918

control will not conduce to the efficient management of these services and are unable to comply with the request for the present

8 *Public health*—But for the prevalence of plague in the City from July 1916 to April 1917, which accounted for 709 deaths, the public health was on the whole good

9 *Sanitation and conservancy*—The total expenditure under this head was Rs 48,551 against Rs 46,046 in the previous year

As a result of the survey conducted in 1915 16, malaria was reported to prevail in certain localities in the City and certain remedial measures, e.g., the filling up of the musquito breeding wells and pools and the acquisition of the Tiglar gardens were suggested by the Health Officer and approved by the Sanitary Commissioner. No information is contained in the report indicating the action taken by the Municipal Council on these recommendations. It is hoped that this important question will receive the continuous attention of the Municipal authorities till some practical measures are adopted

10 *Vital Statistics*—The registered births and deaths were 3,525 and 4,326 against 3,393 and 2,933, respectively, being 39.7 and 48.7 per mille. The high death-rate of the year requires explanation

Infant mortality continued to be high, the number of deaths of infants under one year old being 729. This points to the necessity of a more extended employment of qualified midwives. The question of the employment of Lady health visitors to visit women in their homes and advise them as to the care of their health, bringing them when necessary within the reach of qualified doctors, may engage the consideration of the Municipal Council

11 *City Improvements*—The City Improvement Committee constituted in Government Order No 6346-9—Ml 330 12-2, dated 20th December 1913, dealt with several improvements in accordance with the programme of works prescribed therefor. A sum of Rs 55,050 was spent on the acquisition of properties in this connection. Plans and preliminary estimates have been submitted in connection with the drainage scheme. These are under the consideration of Government

12 *General*—The work of the Municipal Council during the year was satisfactory and the Government desire to place on record their appreciation of the disinterested work of the several members of the Council and to convey their thanks to Dewan Bahadur Rajasabhabhushana K. P. Puttanna Chetty, Esq., C.I.E., the Honorary President, for the efficient administration of the Municipality during the year and for his valuable services in connection with the improvements to the City

ADMINISTRATION REPORT OF THE BANGALORE CITY
MUNICIPALITY FOR THE YEAR 1916-17

— o —

PART I—CONSTITUTION AND WORKING OF THE MUNICIPALITY

1 *Number of Municipalities* —One

2 *Municipal boundaries and area* —The area of the City continued to be 10 72 square miles as in the previous year

3 *Constitution of the Municipal Council* —Dewan Bahadur Rajasabhabhushana K P Puttanna Chetty, C I E, retired First Member of the State Council, continued as Honorary President throughout the year Mr R Subba Rao, M B & C M, L S S c, Mr F Fernandes, L R C P & S (Edin), L F P & S (Glas), and Mr T Ramachandra Rao, B A, A C E, occupied the posts of the Vice-President, Health Officer and the Municipal Engineer respectively

The total number of Municipal Councillors was increased from 24 to 25 by the addition of Mr K S Krishna Iyer, B A, a nominee of the Mysore Chamber of Commerce

Mr B Ramanatha Rao, Collector of Taxes, was reverted to the Revenue Department, and Mr C N Garuda Iyengar transferred to the Municipality with the salary and status of a Deputy Amildar to be in charge of Collection Work and the latter joined duty on the 3rd September 1916

4 *Meetings and attendance* —The total number of meetings of the Municipal Council held during the year was 20, 12 being ordinary, 3 adjourned and 5 special meetings, against 12 ordinary, 1 adjourned and 5 special meetings in the previous year The average attendance of official and non official members, respectively, was 20 and 15 25 against 188 and 15 77 in the previous year (*Vide* Statement B)

5 *Elections* —There was no election during the year under report The following members constituted the Council —

Ex-officio

The Health Officer, Bangalore City

Nominated Councillors

- 1 Dewan Bahadur Rajasabhabhushana K P Puttanna Chetty Esq C I E
- 2 R Subba Rao, Esq M B & C M L S S c
- 3 Reverend D A Rees
- 4 Father P M Briand
- 5 D B Ramachandra Mudaliar Esq
- 6 D V Gundappa Esq
- 7 D Adeppa Esq
- 8 B Usman Khan Esq
- 9 M Abbas Khan Esq
- 10 H Ramaiya Esq
- 11 S Venkatramaniengar Esq
- 12 K S Krishna Iyer, Esq B A

Elected Councillors

- 1 C V Narasimhaengar Esq B A B L
- 2 B Chinnaswami Chetty Esq
- 3 M Basavayya Esq, B A B L
- 4 B K Garuda Char Esq
- 5 M Ramachandra Rao Sindhe, Esq
- 6 N Surappa Esq
- 7 B V Ramaswami Chetty Esq B A
- 8 G Siddaveerappa Esq
- 9 M Subbaya Esq B A
- 10 S Venkatrama Iyer, Esq B A
- 11 M K Krishna Murthi Rao Esq
- 12 D Venkatramayya Esq B A

6 *Houses* —The number of houses and vacant sites in the City were respectively 15,162 and 1,384 against 13,942 and 1,500 in the previous year (*vide* Appendix III). The Gavipudi Extension newly formed was completely laid out and 30 houses have sprung up therein. Eight houses are under construction. The population of the City according to the Census of 1911 was 88,651, assuming the same rate of increase as during the decennial interval 1901-11 the population of the City at the end of the year 1916-17 would be 100,171.

7 *Working of the Committees* —The Managing Committee met 33 times and disposed of a large volume of work. The names of members of the Managing Committee as well as other Municipal Committees and the number of meetings held by each, are given in Statement (A).

8 *By laws, rules and regulations* —(i) Draft bye-laws for licensing Draftsmen for drawing building plans were submitted to Government with this office letter No 85, dated the 4th September 1916 and are pending sanction.

(ii) An amendment to the bye-laws relating to the disposal of the dead was sanctioned in Government Order No 645—M1 48-15-14, dated the 19th July 1916.

(iii) Draft bye laws for regulating the numbering and registration of bicycles were also submitted to Government with letter No 256, dated the 19th January 1917, and have been returned for re-submission after revision in the light of certain observations made by Government.

9 *Assessment and Taxation—Fresh imports, taxes, fees, etc abandoned* —The General revision of taxes which had formed the subject of repeated communications from Government and resolutions of the Municipal Council for the past 26 years was taken up and completed during the year. The net increase in revenue is estimated at approximately 20%.

The enormous amount of work involved in the general revision of taxes was done by the usual staff of the Collection Department without prejudice to collection work. A special report has been submitted to Government on this subject with this office letter No 19, dated the 31st July 1917.

10 *Demand, collection and balance* —The demand for the year under all heads amounted to Rs 3,92,266 against Rs 4,35,125. There remained a sum of Rs 1,10,598 as arrears at the beginning of the year under the following items —

	Rs	a	p
(1) Assessed taxes	51,340	0	0
(2) Tolls	3,089	0	0
(3) Taxes on vehicles and animals	259	0	0
(4) Moiety of cost incurred for plague during 1914-15	6,295	0	0
(5) Contribution towards maintenance of water works in the City for 1914-15	44,600	0	0
(6) Other items	5,030	0	0

The inclusion of the 4th and 5th items into the demand for 1914-15 and consequently being shown as arrears was an error as they should only have been brought on the demand when they were realised. Item No 4—Moiety of Plague charges— was realised in the year of report and the adjustment of contribution on account of item No 5—maintenance of water works—has not been intimated by the

Comptroller Leaving the latter item out of calculation as it does not in any way affect the financial position of the Municipality, the total demand including the arrears amounted to Rs 4,58,259

The following items for 1916-17 due to be credited to Municipal funds through the Comptroller have, in a similar manner, not been taken into account as their adjustments were not effected —

	Rs	a.	p
(1) Taxes on Government buildings <i>vide</i> details under (b) assessed taxes	430	13	7
(2) Mosley of plague charges incurred during the year under report	12	405	0 0
(3) Arrack registration and sur charge fees for the last two quarters roughly amounting to	10	000	0 0
(4) Contribution on account of maintenance of water works			

A statement showing the demand for the two years under the several budget heads is given below —

Statement showing the demand under the several budget heads during the year 1916-17, as compared with the previous year 1915-16

No	Budget heads	Demand for		Difference	
		1916 17	1915 16	More	Less
	(A) MUNICIPAL RATES AND TAXES—	Rs	Rs	Rs	Rs
1	Octroi	1 35 425	1 20 438	14 987	
2	Taxes on buildings and lands	44 752	43 389	1 363

Comparing the demand for the two years and taking into account only the items of revenue proper and excluding the adjustments effected during the respective years, there has been an increase under all heads except under "Sale proceeds of lands and produce of lands, etc." The decrease under this item is explained in Part III—Receipts. Towards the total demand of Rs 4,58,259, a sum of Rs 4,04,557 was collected, remissions and writes-off given for Rs 8,291, leaving at the end of the year arrears amounting to Rs 45,411. The details of the total demand, collection, remission and balance are classified under the five following heads —

(a) *Octroi* —The total collection was Rs 1,35,425, showing an increase of Rs 14,987, over the previous year's realisation —*Vide* para, 13 under Part III —Receipts

(b) *Assessed taxes* —The following items constitute assessed taxes —

- (1) Taxes on buildings and lands
- (2) Lighting tax
- (3) Water tax
- (4) Special sanitary cess
- (5) Mohataria—Shop and oil mill taxes

The demand including arrears, the collections during the year and the balances outstanding, as compared with the previous year are noted below —

(For further details vide Appendix V)

The collection during the year was better than in any of the previous years. The assessed taxes including arrears collected during the year represented 72.3 per cent of the demand, against 63 per cent in the previous year, while the collection of the current taxes was 82.4 per cent against 76 per cent. The net balance outstanding was thus Rs 39,130 or 23.5 per cent of the total demand against Rs 51,340 or 29.2 per cent of the total demand in the previous year.

Details showing the items and the action taken towards the recovery of the balance are given below —

Taxes on Government buildings		Rs a p		
(i)	On Caulton House from 2nd half of 1912 13 to the end of June 1917 (Since received from the Comptroller by Cheque on 18th July 1917)	426	3	7
(ii)	On Head Mistresses quarters of the Malleswaram Government School for the second half of 1916 17 (Reference made to Inspector General of Education in this office No 85 dated 12th July 1917)	1	8	0
(iii)	Suits filed in Civil Courts during 1916 17 in 121 instances for amounts aggregating	4 214	0	0
(iv)	Amount passed by the Council for remission	488	0	0
(v)	Amounts brought on the remission statement under scrutiny	2 860	0	0
(vi)	Suits about to be filed	2 450	0	0
(vii)	Amount remained uncollected	28 687	0	0

Necessary preliminary action has been taken towards the collection of the last named arrears in almost every instance.

The Collection Branch has worked satisfactorily under the supervision of the Deputy Amildar in charge.

H C M

(c) *Taxes on vehicles and animals*—The demand was Rs 6,526 against Rs 8,397. The decrease has been explained in para 14 under Part III Receipts. The old arrears of Rs 259 were written off the accounts as per orders of Government, in their No 7660 -Ml 51-16 56, dated the 2nd June 1917.

(d) *Tools and ferries*—The demand was Rs 25,921 against Rs 25,900 in the previous year. The whole amount was recovered. There was at the beginning of the year a balance of Rs 3,069 of the previous years. A sum of Rs 24 was collected. Execution of a decree for Rs 2,169 has been obtained and the Municipal Advocate is taking steps to recover this amount. The balance of Rs 876 is to be brought under remission.

(e) *Other items*—The arrears outstanding at the commencement of the year were Rs 55,925, of which Rs 6,295 represented adjustments of Plague charges and Rs 44,600 contribution on account of maintenance of water-supply for 1914-15 as explained above.

The demand for the year was Rs 1,09,875 of which Rs 1,09,739 was realised leaving a small balance of Rs 136, exclusive of contributions due from Government mentioned above. The action taken for the recovery of contributions is noted below —

A bill for Rs 12,405 being the moiety of Plague charges has been forwarded to the Comptroller.

As regards the aarak registration and sur-charge fees, realizations for the 3rd quarter of the year amounting to Rs 4,319 were credited in July 1917 and for the dues for the last quarter the matter is under correspondence.

Against the arrears of Rs 11,325 of previous years exclusive of contribution towards the maintenance of water supply, Rs 6,925 were recovered and Rs 639 were written off the accounts as per order of Government conveyed in their No 2919—Ml 51-16-32, dated 13th November 1916, and Council resolution dated 7th April 1917. Rupees 524 were given a set off against a claim for refund and Rs 110 deducted on account of erroneous entries in the Demand Registers, thus leaving at the close of the year a balance of Rs 3,100. Steps taken for the recovery of the balance are noted below —

	Rs	a	p
Suits have been filed for amounts aggregating	2 048	0	0
Amounts for which remission is to be sought for	912	0	0
Amounts for the recovery of which preliminary action has been taken	140	0	0
Total	3 100	0	0

11 *Incidence of taxation*—The incidence of taxation during the year was Rs 3-4-0 against Rs 3-0-1 in the previous year, calculated with reference to the total actual income under "A Municipal rates and taxes". According to the method of calculation in vogue in the Civil and Military Station, the incidence will be Rs 3-15-6 against Rs 3-10-4 in the previous year. The incidence in the Civil and Military Station Municipality is ascertained to be Rs 3-8-10.

PART II—FINANCIAL POSITION

12 The year opened with a balance of Rs 1,71,920 against Rs 35,781 in the

	1915-16	1916-17	
1 Octroi	1 20 438	1 35 426	previous year, excluding Rs 37,500 placed in Fixed Deposit in the Bank of Mysore and Rs 37,500 invested in the Government of Mysore Pro-notes of 4 per cent loan of 1906-07. The receipts were Rs 5,32,924 against Rs 4,83,131 (audited) in the previous year, showing an increase of Rs 49,793. Deducting from the total receipts the amount of book adjustments, <i>viz</i> , Rs 47,400 on account of advances made in the first instance to the Special Revenue Officer for compensation and adjusted afterwards by being accounted for as final expenditure, the actual
2 Assessed taxes:			
(a) Taxes on buildings and lands	43 454	47 688	
(b) Water tax	27 442	30,357	
(c) Lighting tax	10 421	11 416	
(d) Conservancy cess	11 438	12,402	
(e) Mohatteria	17 525	17 912	
3 Founds	3 115	3 567

5 Rents on buildings and lands	1 809	1,899	
6 Conservancy receipts	10,636	11 786	
7 Fees from markets and slaughter houses	22,811	24 100	
8 Notice and warrant fees	36	253	
9 License fees	2,527	2 956	
10 Interest on investments	2 740	5 520	
11 Land revenue and cess	3 289	4 635	
12 Other items	1 694	2 406	

receipts will be Rs 4,85,524 This is in excess of the revised estimate by Rs 62,737 and by Rs 50,169 over the sanctioned estimate of Rs 4,35,355 Comparing the revenues under the items of demand proper with those of the previous year as noted in the margin it will be seen that every item of receipt has been carefully exploited This is due to the Collection Branch having worked with increasing vigilance and the Head Office having watched the credits due and taken timely steps for the recovery of Municipal dues

The expenditure under all heads amounted to Rs 6,00,012 against Rs 3,46,992 (audited) in the previous year Deducting from the total expenditure, book adjustments amounting to Rs 47,400 for the reason explained above, the net payments were Rs 5,52,612 The following items contributed to this large expenditure —

- (i) A sum of Rs 50,200 was paid on account of compensation in connection with the acquisition of properties for City Improvements
- (ii) Rs 1,50,000 was placed in fixed Deposit in the Bank of Mysore, so as to fetch interest and shown in the accounts under "Public Debt"
- (iii) The expenditure under Plague amounted to Rs 24,810 and was above the normal
- (iv) The amounts collected on account of value of sites in Basavangudi Extension to be credited to Government were in the first instance placed in Municipal Deposit and then transferred to Government Funds Hence payments under deposits amounted to Rs 25,368

Leaving the above abnormal items amounting to Rs 2,32,432 the expenditure came to Rs 3,20,180 and was well within the means of the Municipality

The balance at the close of the year was Rs 1,04,832 exclusive of the fixed Deposit of Rs 1,50,000 in the Bank of Mysore and Rs 37,500 invested in the Government of Mysore Pro-notes

A register of advances as per Form 81 in the Municipal Account Manual was for the first time opened in November 1914 According to the register, there remained a sum of Rs 6,934-1-7 outstanding at the end of June 1917, to be accounted for by the following officers —

	Rs	s	p
Chief Electrical Engineer	33	3	0
Sanitary Engineer Water Supply and Stores Division	2 052	0	0
Executive Engineer City Drainage Project	14	10	8
The Municipal Advocate Mr B V Ramaswami			
Obetty	51	15	6
By Government on account of compensation	240	0	0
Chairman Municipal Education Committee	500	0	0
Veterinary Inspector	26	10	8
Special Revenue Officer Mr Ranoji Rao	3 800	9	9
Vice-President and Deputy Amildar	215	0	0

As per petty cash book a sum of Rs 4,311-14-7 being undisbursed pay, moneys to be remitted to Government Treasury, etc, remained on hand on the 30th June 1917 and had been brought on the suspense accounts

PART III — RECEIPTS

A — MUNICIPAL RATES AND TAXES

13 *Octroi* — The revenue under this head was Rs 1,35,425 against Rs 1,20,438 in the previous year There was a noteworthy increase of Rs 14,987 realised under piece goods The revenue under Octroi formed 3d per cent of the total receipts The number of prosecutions pending at the beginning of the year on account of smuggling of tobacco and betel leaves was 2 and that instituted during the year 21, against 29 and 22, respectively, in the previous year The cases ended in conviction in 21 cases involving 24 persons against 46 cases involving 46 persons in the previous year Two cases remained undisposed at the end of the year The amount of fines realised was Rs 259 against Rs 146-8-0 in the previous year

The incidence of taxation under this head was Re 1-8-5 against Re 1-5-9 in the previous year

14 *Taxes on vehicles and animals*—The receipts under this head were Rs 6,526 against Rs 8,397 in the previous year. There is no chance of improving the present unsatisfactory state of collecting this tax, unless and until the Municipal Regulation is suitably amended to permit of bye-laws being passed rendering payment of animal and vehicle taxes compulsory as in the neighbouring Station Municipality

15 *Taxes on houses, buildings and lands, etc*—The revenue under this head was Rs 1,19,970 against Rs 1,10,297 in the previous year. The incidence of taxation per head of population on the assessed taxes was Re 1-5-7 against Rs 1-4-2 in the previous year

B—REALIZATIONS UNDER SPECIAL ACTS

16 *Pounds*—The income under pounds was Rs 3,567 against Rs 3,116 in the previous year

17 *Public conveyances*—The receipts under this head increased from Rs 4,887 to Rs 5,250 in the year of report, owing to greater vigilance on the part of the staff

C—REVENUE DERIVED FROM MUNICIPAL PROPERTY AND POWERS APART FROM TAXATION

18 A sum of Rs 77,126 was realised under this head against Rs 88,246 in the previous year. More than three quarters of the demand on account of site value in the Gavipur Extension had been collected in the previous year and the collection in the year of report was only a small part of the sale value. This accounts for the fall of revenue under the head "sale proceeds of lands and produce of lands". Receipts under the other items, *viz*, conservancy, markets and slaughterhouses, license fees, etc, were in excess of those during the previous year as noted below

From the sale of manure and from conservancy and other taxes Rs 13,795 was realised against Rs 10,826 in the previous year. The full demand was collected

The right of collecting fees in the vegetable markets of the City during the year was sold for Rs 8,754 against Rs 8,084 in the previous year. The total demand was collected. The rents collected departmentally on account of stalls in the markets were Rs 6,630 against Rs 6,633 in the previous year. Against the demand of Rs 7,316 including the arrears of Rs 790 under stall rents, irrecoverable sums aggregating Rs 567 were remitted. A sum of Rs 87 wrongly added to the demand in the previous years and consequently shown under arrears was reduced as per audit objection of the local audit department of the Comptroller's Office of the accounts of the year 1915-16. All rents due on the stalls were thus fully recovered except a small balance of Rs 32. The right of collecting fees in the slaughterhouse was leased out for Rs 8,634 against Rs 8,172 in the previous year and the whole amount was collected

Under license fees Rs 2,956 were realised against Rs 2,823 in the previous year

The collection of land revenue and cess by the Revenue authorities amounted to Rs 4,635 against Rs 3,389 in the previous year. Orders of Government have been sought for in this office letter No 120, dated the 6th December 1915, for the assignment of land revenue on the lands newly included within the Municipal limits

D—GRANTS AND CONTRIBUTIONS

19 In the previous year 1915-16, a sum of Rs 72,526 was realised as contributions due from Government which included the dues for 1915-16 and of the previous years' outstandings. In the year of report a contribution of Rs 28,409 was realised from the Comptroller to the Government of Mysore. The following contributions relating to the year 1916-17 are still due to the Municipality and the subject is under correspondence—

(1) Arrack sur-charge and registration fees, for the quarter ended 30th June 1917 roughly amounting to Rs 5,000

- (2) Moiety of Plague charges for the whole year amounting to Rs 12,405
- (3) Adjustment on account of maintenance of water-works
- (4) The annual contribution of Rs 20,000 from State Funds for the repair of Provincial roads within the City limits as applied for by the Council
- (5) A contribution of two thirds of the expenditure incurred during 1916-17 on account of City Improvement Schemes payable by Government as per Government Proceedings No 1297-347—MI 112-14 13, dated the 13th August 1915, amounting to Rs 36,699

A contribution of Rs 1,000 from the Bangalore District Board for the up-keep of the District Fund roads situated within the limits of the City Municipality ceased as per Government Proceedings No 6130-3—L B 240-13-10, dated the 20th March 1917

E — MISCELLANEOUS

20 The income under this head which is composed of items of an uncertain and fluctuating character amounted to Rs 2,409 against Rs 1,684

F — PUBLIC DEBT

21 Deposits to the extent of Rs 31,834 were received during the year against Rs 42,600 in the previous year. This is much above the normal, as the amount of site value of the Basavangudi Extension had first been placed in Municipal Deposit and subsequently transferred to State Funds

22 The increase under the item "Advances" from Rs 1,008 in the previous year to Rs 59,268 in the year of report represented the book adjustments of amounts advanced to the Special Revenue Officer for compensation for the acquisition of properties and adjusted in the year to the proper head of expenditure

PART IV—EXPENDITURE

23 The charges on account of the several establishments of the Municipality amounted to Rs 93,679 against Rs 91,268 in the previous year

A GENERAL ADMINISTRATION

24 *Refunds*—A sum of Rs 8,504 was incurred under this head against Rs 5,418 in the previous year

25 *Pensions and gratuities*—Rupees 1,914 was charged to the Municipality by the Comptroller in the previous year. No intimation of such charges during the year of report has been received. A sum of Rs 346 being the pensionary contribution on account of the pensionable employees in the several Dispensaries of the City including widwives, for the years 1915-16 and 1916-17, etc was paid and has been shown in the accounts

B — PUBLIC SAFETY

26 *Lighting*—Bills for electric lighting charges amounting to Rs 21,640 were paid. This included the annual contribution of Rs 20,000 and the cost of royalty on the extra lights including the $\frac{1}{4}$ Watt Lamp of 2,000 candle power installed in the City market square. The royalty on the latter alone amounted to Rs 600. An additional sum of Rs 1,644 was spent during the year against Rs 1,297 for kerosene oil street lights in such parts of the City as are not provided with electric lighting. The number of kerosene oil lamps lit during the year was 103 against 112 in the previous year. The monthly average cost per lamp amounted to Rs 1-5-11 against Rs 1-4-7. Rupees 4,614 was spent on account of installing new lights and shifting old ones to more convenient places. The Municipal Council is anxious to replace the kerosene oil street lights by electric lamps.

In respect of additional lights, the Municipality is at present being charged with the cost of installation and an annual royalty of Rs 30 per lamp. A representation has been made to Government in this office letters Nos 316 and 335, dated the 25th April 1916 and 27th June 1917, respectively, that the system requires modification and the matter is under the consideration of Government.

C—PUBLIC WORKS CARRIED OUT BY PUBLIC WORKS DEPARTMENT

27 No intimation of any amount having been spent in the year of report has been received from the Comptroller.

D—PUBLIC WORKS CARRIED OUT BY THE MUNICIPAL DEPARTMENT

28 The total expenditure incurred during the year 1916-17 amounted to Rs 93,450 after transferring Rs 9,715 to meet the charges for improving Plague sheds against Rs 1,04,011 spent in the previous year, excluding the charges under (1) road watering, (2) repairs and improvement of Plague sheds and avenues which are under different budget heads, though worked out by the Municipal Department of Public Works. The expenditure under these three latter heads amounted to Rs 13,962 against Rs 3,630 of the previous year. The short expenditure under D P W proper was due to (1) the failure of the metal contractor to supply metal, (2) the paucity of Railway trucks for railing laterite from Rajamunte, (3) scarcity of labour to execute works and (4) to a sum of Rs 9,715 re-appropriated from this head for the construction of temporary and permanent sheds in Health Camps.

During the year 1915-16 the system of letting out on contract the supply of road materials for three years at a time was introduced. Out of the total quantity of 7,455 cubic yards of quarry metal required for the year 1915-16, the contractor was able to supply 5,766 cubic yards. During the year of report the supply was still more inadequate. For 6,051 cubic yards of metal required, only 3,111 cubic yards were supplied and the special repairs of some metal roads had consequently to be postponed. The supply of laterite fared no better. Out of 2,006 cubic yards required for the year 1915-16 only 942 cubic yards were supplied. The quantity required for the year 1916-17 was 1,871 cubic yards, only 678 cubic yards were supplied. The rates accepted by the contractor are as follows --

	1915-16			1916-17			1917-18		
	Rs	a	p	Rs	a	p	Rs	a	p
Metal	2	8	0	2	4	0	2	4	0
Laterite	2	4	0	2	2	0	2	2	0

On the whole, the system has not worked as satisfactorily as was expected. The contractor was by the terms of the Mutchali written out by him bound to supply the whole quantity of road material required for 1916-17 by the end of September 1916. On his failure to do so, orders were placed with other contractors at first at the tender rate of Rs 2-4 0 but later at Rs 2 5-0. Nearly 500 cubic yards of metal were thus supplied by new contractors.

As usual, the chief work consisted of repairs and up-keep of roads, streets, lanes, buildings and drains.

During the year, 57 furlongs of metal roads, 27½ furlongs of gravel roads and lanes were recoated against 84 furlongs of metal roads and 57½ furlongs of gravel roads and lanes of last year. Narrow lanes which used to get badly washed out during rains were paved with unsized stones during the year, for the first time. A total length of 10½ furlongs was thus repaired. The total amount spent during the year was Rs 31,077 against Rs 30,621 in the previous year. This works out to Rs 327 per furlong during the year under report, against Rs 215 per furlong of the last year. The difference may be explained by the fact that a larger number of lanes in the slums the cost of repairing which per furlong was comparatively smaller, had been included in the total length for the year 1915-16, for striking the average, while in the year 1916-17, 16 furlongs have been repaired with 4½" to 6" thickness against the usual thickness of 3" and consequently raising the cost of repairs per furlong. Moreover the cost of paving (with unsized stones) 10½

furlongs of narrow lanes which cost Rs 530 per square against Rs 2 per square for mere gravelling executed in previous year has also contributed to the rise in the average cost per furlong. The average cost per furlong during the year 1914-15 was Rs 340.

The roads were maintained in fairly good condition. With a view to keep down the dust on heavy traffic roads, road watering was commenced as early as November, instead of in February as usual. More efficient road-watering was possible on account of the 13 Municipal hydrants specially provided in the different localities of the City for the purpose.

Considerable attention was paid during the year to the opening of congested parts in the City. Eight and one-third furlongs of roads and 524 feet of conservancy lanes were opened during the year, against 1½ furlongs of roads and 160 feet of conservancy lanes in the previous year.

Five thousand six hundred and sixty-six feet of drains were newly built at a cost of Rs 5,501 against 2,968 feet in the previous year at a cost of Rs 3,327.

Six thousand five hundred and fifty one feet of drains were repaired at a cost of Rs 4,511 against 8,444 feet at a cost of Rs 5,141 in the previous year.

The combined sewage and storm water drains on Kemmangundi and Nagar-thapet roads, which were in bad condition, were greatly improved.

Under buildings original, one ummal and two ookads were built at a cost of Rs 1,719 against an expenditure under this head of Rs 2,977 in the previous year.

Nineteen buildings were repaired at a cost of Rs 1,323 against 9 at a cost of Rs 1,282 in the previous year.

Besides these, 10 pukka sheds to accommodate 20 families were built in the newly formed Health Camp to the east of the Basavangudi Extension. A sum of Rs 6,200 was spent during the year under report and a balance of Rs 2,100 has to be paid during the current year.

Thirty-nine temporary sheds were put up in the different Health Camps in the City at a cost of Rs 2,310 and water and lighting facilities provided for them.

All the buildings attached to the Plague Hospital in the Magadi road were repaired at a cost of Rs 2,655. Thus, the total expenditure incurred for the construction of Health Camp sheds and repairs of the existing Plague Hospital buildings was Rs 11,763 against Rs 1,025 during the previous year.

The Municipal City Improvement Committee met 14 times and disposed of 114 cases.

Land acquisition work—During the early part of the year a register was opened embodying all notifications for acquisition since 1906-07 when the Vice President was first authorised to take orders for requisition. Out of a total number of 577 cases up to the end of 1915-16, 34 cases had been withdrawn prior to 1916-17 and 4 additional notifications were withdrawn during 1916-17.

As the work was in a state of great confusion, a temporary clerk had been appointed to assist in the work from the 10th October 1916 for a period of six months, which was later extended by another period of six months.

On the 1st July 1916, 139 files had to be traced. Seventy-eight of these were sorted out from the records and studied during the year 1916-17, leaving 61 files still to be recovered or studied. These relate to 10 cases in 1906-07, 2 in 1907-09, 2 in 1908-09, 1 in 1909-10, 17 in 1910-11, 25 in 1911-12 and 4 in 1912-13.

On the 1st July 1916, awards had to be passed in 64 cases, exclusive of the 61 unknown cases specified above. In 38 of these cases, acquisition proceedings were completed and awards passed during 1916-17. Proceedings are under progress in the remaining 26 cases.

One hundred and twelve properties were actually taken possession of during the year. In 73 instances the Municipal Engineer certified that properties were in the possession of the Municipality from some unknown time and they were accordingly brought on the acquisition register during the course of the year.

One hundred and seventy eight properties had been known to have been taken possession of between the years 1906-07 to 1916-17, 73 properties had been taken

over at unknown periods and 112 properties were taken possession during 1916-17, thus bringing the total number of properties taken possession till the close of the official year 1916-17 to 363 out of 539 notifications.

The statistics hitherto enumerated do not include the notification ~~from~~ acquisition received during the year 1916-17, which numbered 58. Proceedings were completed in 20 and properties taken possession of in 9 such cases. The total number of cases in which the Senior Vice President and Land Acquisition Officer awarded compensation also came to 58. In 39 cases the award was accepted and in 19 instances the parties sought a reference being made to the Court under Section 19 (i) of the Land Acquisition Regulation. In 7 of such cases enhanced compensation has been given and the remaining 12 cases are under enquiry. The total amount of compensation awarded by the Senior Vice President and Land Acquisition Officer in the 58 cases alluded to came to Rs. 24,173. In the 7 cases disposed of by the Civil Court, a compensation of Rs. 15,220 was given against Rs. 6,867 awarded by the Land Acquisition Officer.

E—PUBLIC HEALTH

29 *Destruction of snakes and dogs*—The number of snakes killed was 19 against 18 of the previous year and a reward of Rs. 7-5-0 was paid therefor. The number of dogs destroyed was 614 against 1,244 in the previous year, the cost incurred being Rs. 49-9-6 against Rs. 63-5-6. The number of dog bites reported was 34. In two instances the brain was sent to the Coonoor Pasteur Institute and was certified to contain the specific micro organism of rabies. In 4 instances the animals were not traced and in 37 cases they were kept under observation at the Fort Gate from 10 to 15 days and discharged. Thirty-one persons in all were sent to the Pasteur Institute, of whom 3 went at their own cost, 5 at the cost of Government Departments and 23 at the expense of the Municipality. There were no deaths reported from Hydrophobia.

30 *Water-supply and maintenance*—The management of water supply in the City rests with the Executive Engineer, Water-Supply and Stores Division. Towards its maintenance, a contribution of Rs. 30,000 is being paid by the Municipality. The weekly statements of the bacteriological analyses of Messargatta water (filtered and unfiltered) sent to the City Health Officer by the Director of Public Health Institute, showed that the standard of purity was high. One hundred and ninety samples from public fountains in the City and 4 from private wells were sent for analyses and no pathogenic organisms were reported to be present.

31 *Conservancy*—The strength of conservancy staff remained unaltered. The expenditure incurred on account of establishment and other charges of conservancy amounted to Rs. 48,551 against Rs. 46,046 in the previous year. A temporary gang was employed for a period of 1½ months from 1st October 1916 to 14th February 1917 at a cost of Rs. 311 for the removal of lantana and other rank vegetation in the City and extensions. Four temporary carts for the removal of silt from the main drain was engaged throughout the year, except in November 1916, at a cost of Rs. 673. Also 10 coolies were temporarily engaged for the above purpose for two months at a cost of Rs. 98.

32 *Sanitary defects and progress*—The Sanitary Inspectors noted defects in 1,510 premises against 2,175 in the previous year. The notices issued were as under—

1	Building without and contrary to license	232
2	House connection drains	89
3	Filthy premises and non removal of filth	83
4	Decayed and offensive buildings ventilation and removal of lint and	156
5	Ruinous and dangerous buildings	111
6	Amendment of latrines filling up cess pits and providing wicket doors	171
7	Trough and pipes for rain water	2
8	Collection of timber building materials etc.	77
9	Filling up pits wells pools and abatement of nuisance	6
10	Obstruction and encroachments upon public streets and open spaces	2
11	Removal of structures of inflammable materials	1
12	Punishments for disobedience to orders to execute works	34
13	Removal of offensive manure	34
14	Pruning of hedges etc.	2
15	Minor nuisances	113

The terms of 1323 notices were complied with during the course of the year —

1	Building without and contrary to license	313
2	Improvements to drains and providing wicket doors	347
3	Derelict and offensive buildings	197
4	Non removal of filth and filthy premises	19
5	House connection drains	107
6	Removal of dangerous buildings	96
7	Collection of timber and building materials	55
8	Filling up pits pools etc	16
9	Removal of structures built of inflammable materials etc	23
10	Removal of offensive manure	55
11	Removal of projections	8
12	Dangerous and offensive trades	4
13	Minor nuisances	78

During the year under report, out of 1978 applications received for building licenses besides 88 applications pending at the beginning of the year, permission was granted in 1,564 cases, alterations enjoined in 753 cases and definitely refused in 385 instances. Two hundred and forty six prosecutions were instituted during the year, for building without license or contrary to the terms of licenses granted. The total fines realised therefrom was Rs 467-8-0. In addition to these 776 prosecutions were launched under the Public Conveyance Regulation and Dangerous and Offensive Trades By laws, etc., by the Collection Department, which resulted in conviction in 573 cases. The amount of fine recovered was Rs 633 against Rs 354 during the previous year. A total number of 36 prosecutions was withdrawn with the permission of the Magistrates.

The works of sanitary nature undertaken during the year are shown in the statement (I). The filling up of the Fort Moat near Kalasipalya made fair progress during the year.

33 Nuisance prevention — The continuance of a staff of temporary peons for preventing nuisance in the streets had been sanctioned for the year. On account of the difficulty of securing suitable men, it was not possible to entertain the staff to the full scale and the few men entertained, remained only for short periods. Seven hundred and eighty-two cases of commission of nuisance were detected. The offenders were punished with fine in 430 instances and in 334 cases they were warned and let off—the cases pending at the close of the year being 18.

34 Malarial Investigation — In their Order No 2056—M1 237-15-4, dated the 10th July 1916, Government sanctioned the retention of the marginally noted staff during the year, for conducting the Malarial Survey of the City.

One Sub Assistant Surgeon
One Draftsman
Two Peons

A survey of the whole of the 5th, 6th, 2nd and 4th Divisions of the City, Sampige tank and its surroundings, Lal-Bagh and a portion of Malleswaram has been made. A detailed report will be submitted on the subject. The establishment ceased with effect from the 1st July 1917.

35 Food Inspector — The post of Food-Inspector was made permanent in Government Order No 32723—M1 12 16 35, dated the 23rd November 1916. The work done on this head may be summarised as follows — (Vide Statement 2)

Four hundred and twenty visits were paid to hotels, eating houses, bakeries and sweet-meat stalls. Fourteen premises were compelled to be closed as they were not suited for the purpose. Structural alterations, such as rendering the floor impervious with Cuddapah slabs, providing proper smoke vents etc., were enforced in 33 instances. Stale articles of food and decomposing fruits were destroyed in 316 cases. A great deal of attention was paid to the improvement of cattle sheds.

During the year 1916-17, the Food Inspector reported in all 94 cases which fell under the following heads — Sixty-four cases under Section 48 (1) C and E and 30 cases under Section 142 of the Municipal Regulation.

Unwholesome articles of food stuffs consisting mostly of stale mutton, ghee and wheat flour and a few samples of soda water as also a sample of gingelly oil had been sent to the Chemical Analyser for examination. Most of them were certified to be adulterated and the persons concerned were placed before the Magistrate. The fines imposed on this head amounted to Rs 247.

Apart from the parties being dealt with as indicated above, the Food Inspector under the instructions of the Health Officer strove his best to educate the people on the baneful effects of using unwholesome articles of food.

36 *Midwives and Maternity*—There were six midwives in the previous year and the total number of labour cases conducted by them was 517 against 522 in the previous year.

37 *Plague, cholera and other diseases*—Plague broke out in the City in the month of July 1916 in a sporadic form and lasted till the end of April 1917. Of the different forms of the disease the bubonic and the septic were those most prevalent. The 3rd Division was the first affected and gradually infection spread to the other parts of the City including the Basavangudi and Malleswarum Extensions. The total number of attacks was 912 (827 in the City proper and 85 in the Extensions) against 53 in the previous year, the number of deaths being 700 against 42. The ratio of mortality per 1,000 of population was 7.09 against 5.9 in the previous year, the percentage of plague deaths to total mortality being 16.3 against 1.4 and that of plague deaths to plague attacks being 77.7 against 79.2 in the previous year.

A comparative statement showing the Municipal Divisions fairly heavily infected with plague is given below—

1916 17		1915 16	
Division	Number of attacks	Division	Number of attacks
III	409	III	23
II	82	II	19
IV	72	V	3

The highest mortality was recorded in October 1916 and the lowest in April 1917. Statements showing the number of attacks and deaths classified according to months and according to age and sex are appended. The highest mortality (207) was among persons of ages of 20 to 30 and the lowest (13) of the ages of 1 to 5. The highest number of attacks (114) and deaths (88) occurred among Mahomedans.

38 *Rat examination*—Three hundred and forty four rodents as detailed in the statement appended were examined microscopically for plague germs. In 150 cases, plague bacilli were found.

Methods adopted for prevention of plague

39 *Epidemic Diseases Hospital*—The total number of admissions into the Epidemic Diseases Hospital was 343 (254 of the bubonic type and 89 of septic variety), the voluntary admissions being 128 against 27 in the previous year. The mortality was 62.09 against 35.29 in the previous year. One hundred and thirty cases were discharged cured. The number of patients admitted in moribund state was 62 and all died in 24 hours.

40 *Evacuation*—There were 1,262 admissions into the contact camp against 338 in the previous year. Owing to the virulence of plague during the year of report and the consequent demand for camp accommodation, 6 additional contact camps were built. Eighteen temporary zinc sheds had been put up in the Roshanbagh road and in addition 15 temporary thatched sheds were also put up in the same place. Twelve comfortable temporary sheds were put up in the Basavangudi and 6 in the Malleswarum Extensions. The total cost amounted to Rs 2,310. Water-supply, lighting and conservancy facilities were provided to these camps. Police patrol was also arranged. Two hundred and twenty two persons availed themselves of this accommodation. Two cases of plague occurred in the Health Camp. To meet possible contingencies in future and to accommodate the well-to-do classes, 10 permanent sheds to accommodate 20 families were built in the newly selected site to the east of Basavangudi Extension at a cost of Rs 8,060. While accommodation in the common camps will be free, a small rent will be levied for accommodation in the Pukka buildings and the stay will be limited to a definite period at the discretion of the Health Officer.

41 *Disinfection* — Disinfection of infected houses was undertaken with kerosene oil emulsion and fumigation with neem leaves. The total number of houses disinfected was 5,432 against 1,149 in the previous year.

42 *Inoculation* — In view of the virulence of plague, the services of a special Medical Officer were placed at the disposal of the Municipality by the Senior Surgeon. A total number of 12,859 inoculations was performed against 79 in the previous year. The inoculations were mostly voluntary, only a sum of Rs 55 being spent on account of rewards.

43 *Expenditure* — The total expenditure for plague preventive measure was Rs 24,810 against Rs 8,810 in the previous year.

44 *Cholera* — No cases of cholera occurred during the year.

45 *Small pox* — There were 55 attacks with 25 deaths. The usual precautionary measures such as segregation, vaccination and house-to-house inspection for detecting unprotected cases were resorted to.

46 *Rat destruction* — No special staff was employed for the purpose.

47 *Vaccination* — Vaccination continued to be compulsory and the number of itinerant vaccinators (8) and the vaccination depots (8) including the Vaccine Institute, the Imperial Service Lancers Lines and the Central Jail remained the same as in the previous year. The number of cases vaccinated was 4,414 against 5,256 in the previous year, the percentage of successful cases being 87.0 against 84.4.

48 *Registration of births and deaths* — The number of births registered during the year exclusive of still-born children was 3,525 against 3,393 in the previous year, the ratio calculated on the uncorrected census population (88,651) being 39.7 per mille against 38.2 of the previous year.

49 *Still births* — The number of still births recorded during the year was 167 against 175 in the previous year, the percentage to the children born alive being 4.7 against 5.1.

50 *Classes* — Hindus returned the highest birth rate of 42.8 per mille, the next highest 35.3 being among Christians, Mahomedans returning 24.5.

51 *Sex* — Of the number of children born 1,725 were males and 1,800 females, the proportion of male to female being 95.8:100.

52 *Deaths* — The registered deaths inclusive of still births numbered 4,825 against 3,933 in the previous year, the ratio calculated on the uncorrected census population being 48.7 against 33.08. The increase is to some extent due to deaths from plague.

53 *Sex* — Deaths among males numbered 2,152 and among females 2,174, the proportion of male to female being 98.9:100.

54 *Classes* — The number of deaths registered among Hindus was 3,764, among Mahomedans 485 and among Christians 86, the death rate being 51.8, 41.8 and 29.1 respectively.

55 *Age* — Except in the case of infants under one year, the heaviest mortality was among persons of 60 years and upwards.

56 *Infant mortality* — Deaths of infants under one year of age numbered 729 against 738 in the previous year. The ratio of deaths to 1,000 births being 206.8 as compared with 216.03 of the previous year. The number of prosecutions instituted for failure to register births and deaths was only 2.

57 *Municipal Employees Co-operative Society* — There were 300 members on the roll on 1st July 1916. There were 16 new admissions and 18 resigned during the year, the total number on the 30th July 1917 being 298. The opening balance at the credit of the Society on 1st July 1916 was Rs 2,465.69, the receipts and payments being Rs 5,775.11.2 and Rs 6,445.7 respectively. The balance at the end of the year was Rs 1,795.6.4. The net profit for the year was Rs 260.

58 *Unani and Ayurvedic Indigenous Hospitals* — The number of Unani and Ayurvedic Indigenous Hospitals receiving a grant-in-aid from the Municipality remained the same as in the previous year. The total grant-in-aid paid by the Municipality amounted to Rs 1,005 against Rs 800 in the previous year. The increase is due to the amount of grant-in-aid in respect of two institutions in Memoni and Kumbhpet on the latter raised from Rs 12-8-0 to Rs 25 and Rs 30.

respectively in Government Order No 2453 4—Ml 11-16-13, dated the 17th October 1916. There was said to be fair attendance at these institutions (See Appendix XIII)

The contribution of Rs 200 per month was continued to St Michael's, during the year.

59 *Public Gardens and Parks*—With a view to improve the Municipal Garden, a Committee of Management has been formed consisting of three Municipal Councillors including the Health Officer. The Committee met 6 times and some improvements were effected and others are in course of action. Indian Music was played as usual during Sunday evenings. The small park in front of the Distribution Stores near the Fort Gate was kept in fair condition and continued to be popular. A sum of Rs 723 was spent under this head against Rs 763 in the previous year.

60 *Avenues*—The expenditure incurred during the year under this head was Rs 78 against Rs 966 the average for the last four years. A definite programme of avenue planting operation, to be carried on in successive years, is under preparation. As it was not ready before the last planting season, i.e., before October and as funds were required to meet other urgent works, a sum of Rs 1,550 was transferred from the allotment for "Avenues", to "Construction and repair of Plague sheds". The young plants which existed were looked after by the ordinary gang coolies. Seventy-five plants died and 327 were remaining at the end of the year. The amount realised by the sale of usufruct of the avenue trees was Rs 130 while Rs 477 was realised by the sale of the dead trees and loppings.

61 *Public Instruction*—The number of Municipal and Aided Schools in the City remained the same as in the previous year viz, 2 and 9, respectively. Government were pleased to sanction the long pending revision of the scale of establishment of the two Municipal Schools in their Order No 6391-4—Ml 171-13-8, dated the 3rd April 1917. The Municipal Councillors and other citizens working on the Compulsory Education School Committees in the several Mohallas evinced considerable interest in their working. It is desirable to invest these Committees with a larger measure of control over the management of these institutions.

The total cost incurred under this head was Rs 5 963 against Rs 6,483 in the previous year.

62 *Charitable Institutions*—The cost of feeding *bona fide* travellers in the Municipal Annachattram and the payment of money doles and supply of clothing to the inmates of the Langarkhana amounted to Rs 5,101 against Rs 5,162 in the previous year.

Contributions and Grants-in aid to Public Reading Rooms and Libraries—Government in their Order No 4846-9—Ml 18 15-67, dated the 20th December 1916, sanctioned the formation of 6 Branch Libraries in the Bangalore City at the cost of the Municipality. The proposal of the Council to locate 4 of them in the Compulsory Schools at Ulsoorpet, Arlepet, Sankarpur and Malleswaran free of rent was approved by Government in their Order No 8047 9 - Edn 18 15 73, dated the 2nd April 1917. The Library at Arlepet School was opened from 10th April 1917 and a monthly average expenditure of Rs 16 on this account is borne by the Municipality.

A sum of Rs 500 was advanced for equipping the libraries with furniture, books and journals.

The Municipal Council paid a contribution of Rs 50 on account of expenses connected with the Bangalore District Conference held in the District Office Buildings in March 1917.

63 *Law Charges*—Mr B V Ramaswami Chetty, Advocate continued as Counsel for the Municipality on an honorarium of Rs 150 per month. Two hundred and thirty cases of the Municipality were conducted by him in the several courts against 32 in the previous year. The expenditure incurred under Law charges was Rs 2,447 against Rs 1,435 in the previous year. Of the 3 Civil suits filed during the year against the Municipal Council Messrs Kompanna and Puttayya, toll contractors for 1915 16 withdrew their case and a compromise was effected. The case of Munivenkappa against the Municipality for cancelling his

1916-17 and the case of Muddappa against the Municipality
e been sustained by him on account of demolishing a dilapi-
nder enquiry

ts —The accounts of the City Municipality were audited
lpal Audit Committee as noted below —

as been received from the Comptroller and is receiving attention

CITY IMPROVEMENTS

65 The City Improvement Committee appointed as per Government Order
No 6348-9—Ml 330 12-2, dated the 20th December 1913, met 4 times during the
year and dealt with several questions The constitution of the Committee remained
the same Rao Bahadur K Krishna Iyengar could not attend the meetings during
the latter part of the year owing to ill-health The attendance of the other mem-
bers was good

Mr J E A D'Cruz, retired Executive Engineer of the Public Works Depart-
ment, was in Government Order No 6461-4—Ml 111-15 17, dated the 3rd March
1916, appo inted to work out the drainage project for the City He has completed
the plans and estimates of the scheme, which are about to be submitted to Govern-
ment

Mr B S Ranoji Rao, B A, was placed on deputation in Government Order
No 3957 '—Ml 94-16, dated the 22nd December 1916, for the purpose of acqui-
sition of properties in connection with the City Improvement Schemes The work
of acquisition has made good progress

A preliminary local inspection of the several Improvement Schemes proposed
by the Committee was made by the Dewan accompanied by Heads of several State
Departments, Members of the City Improvement Committee and of the Municipal
Council and principal citizens Government Proceedings No 2747 50—Ml 111
15-32, dated the 3rd November 1916, was issued fixing the programme of works to
be taken up and how they should be dealt with

The following 6 schemes was prepared and submitted to Government and their
sanction to the first 4 has been received —

- (1) The acquisition of properties for the new market
- (2) The acquisition of properties in and about Bamboo Bazaar for locating
the Town Hall and Municipal Offices as originally decided
- (3) The complete scheme of diversion of the City Main Drain between
Maramat Krishna Rao's street and Bamboo Bazaar tunnel
- (4) The plan of 'lay out' for the new Extension, east of Fort Centre road
- (5) The acquisition statements with plans and estimates for the formation
of an Industrial Suburb on the Magadi road
- (6) Plans, estimates and acquisition statements for continuing the Kitchetty
Chattram road to the City Railway Station through the Dharmambudhi tank

A scheme for the shifting of the Bamboo Bazaar and locating it elsewhere has
been approved by the City Improvement Committee

Action has been taken in the acquiring of the properties in item No 1 In
items 2 and 3 the acquisition of properties has not been proceeded with on account
of the recent proposals of shifting the site of the Town Hall and Municipal Offices
to the large open area opposite the Market

As desired by Government in their Order No 1297-347—Ml 112-14 13, dated
the 13th August 1915, the expenditure connected with the City Improvement
schemes was, during the year 1916-17, met out of Municipal Funds and aggregated
Rs 55,050 of which Rs 3,850 was towards the salary etc, of the staff employed

and Rs 51,200 towards compensation of properties acquired two-thirds of the total cost amounting to Rs 38,699 is paid and a bill will be submitted for adjustment

EVENTS OF NOTE

66 Government have in their Proceedings No 3005-55—M1 the 16th November 1916, passed orders on the scheme for the dev Local Self-Government in Mysore and the Draft Bill to further amend Municipal Regulation, VII of 1906, in accordance therewith, is under the tion of the Legislative Council

Government have in their Order No 7200-2—M1 142-13-9, dated th March 1916 approved the scheme of improvements to Palace Upparahal Dobbspet The detailed estimates and plan have been submitted to Govern with this office letter No 432, dated the 23rd May 1917

Government have in their Order No 3775-81—Med 126-15-6, dated the 1. December 1916 sanctioned the construction of a new Epidemic Diseases Hospital to the south-east of Basavangudi Extension, in preference to effecting improvements in the present buildings on the Magadi road and desired the Municipal Council to pay a contribution of Rs 25,000 for the construction thereof Rs 12,500 has been provided in the budget for 1917-18 and the other half will be provided in the year 1918-19

Mr K P Puttanna Chetty, who has been the Honorary President of the Municipal Council for the past 4½ years, was admitted to the Order of Companionship of the Indian Empire and was presented with an Address of congratulations by the citizens of Bangalore

GENERAL REMARKS

67 The Municipal Council would respectfully bring to the notice of Government the grave disability they are labouring under in their having no control over the Water-supply or Electric Lighting of the City These are items in which the voice of the Municipal Council ought to be paramount and a modification of the existing system, whereby the working of both Departments so far as the City is concerned will be placed directly under the control of the Municipality is called for in the interests of the citizens

There was considerable improvement in the Municipal Administration in several directions—notably in the passing of standing orders on several vexed questions, an improved method of auditing Municipal accounts by the Municipal Audit Committee, the introduction of more regular and systematic methods of work in the Municipal Office and the comparatively rapid disposal of business and the collection of Municipal revenues

A Municipal Calendar was written up defining all the various Municipal events and serving as a standing reminder on all Municipal matters for both the Municipal Councillors and Municipal Establishments

It only remains to be mentioned that the Municipal Councillors and other gentlemen working in the several Committees evinced the greatest zeal and enthusiasm in their work The devotion and self-sacrifices of Municipal Councillors in all questions relating to public weal and the increasing interest evinced by the general public in matters of Local Self-Government, are of happy augury in connection with the liberal orders passed recently by the Government of His Highness the Maharaja of Mysore for the development of Local Self-Government in Mysore

Mr R Subbi Rao, Vice President, has worked with his wanted zeal and devotion to rectify abuses and set the Head Office and the Collection Branch in order and promote their efficiency Doctor F Fernandes, Health Officer, has looked after the health of the City with care and given satisfaction in the performance of his onerous duties Mr T Ramachandra Rao, Municipal Engineer, has worked well and discharged satisfactorily the heavy work thrown on him by the various schemes, large and small, for the improvement of the City All these officers have rendered me cordial assistance in the management of Municipal affairs

K P PUTTANNA CHETTY,
Honorary President,
City Municipal Council, Bangalore
